**REPORTS****Mayor**

Mayor Brown reported on upcoming legislative events, including Metro Mayor's Caucus and other kickoff events. She noted the state budget situation and potential implications for local governments, particularly regarding unfunded mandates.

Councilor Robinson clarified that the state's budget shortfall discussion was somewhat misleading, as the budget is actually increasing but not as much as expected, largely due to Medicaid costs.

**Members of City Council**

Councilor Fisher thanked everyone who donated to the winter essentials drive, noting that over 60 coats had been collected along with other items requested by HAAT Force. She also thanked Police Chief Lyons for resolving the issue of a person setting off incendiary devices along the High Line Canal, which presented a significant fire risk.

Councilor Hoellen raised a question about the City's tree removal provisions, expressing concern about the inconsistency in requiring tree replacement only in conjunction with new homes or major additions.

Councilor Eber reported that he would attend the DRCOG meeting the next day. He thanked City staff for the winter event, praising their commitment and the quality of the celebration.

Councilor Heller thanked the Chief for the recent police work, including arrests related to thefts in his district. He also provided an update from the Centennial Airport Noise Roundtable, noting proposed changes for departures to the north which may actually reduce noise over the City due to the altitude of aircraft.
