

ORDINANCE NO. 8

Series 2023

November 7, 2023: Introduced as Council Bill 8, Series 2023 by Councilor Earl Hoellen, seconded by Mayor Pro Tem Randy Weil, and considered in full text on first reading. Passed by a vote of 6 yes and 0 no.

December 6, 2023: Considered in full text on second reading. Passed by a vote of 6 yes and 0 no.

A BILL FOR AN ORDINANCE ADOPTING A BUDGET AND LEVYING PROPERTY TAXES FOR THE CITY OF CHERRY HILLS VILLAGE, COLORADO FOR FISCAL YEAR 2024

WHEREAS, the City Manager of Cherry Hills Village prepared and established a proposed budget for fiscal year 2024 ("Budget"), made such Budget available for public inspection, and held a public hearing concerning the Budget by the City Council pursuant to Article IX of the Charter and Section 2-3-40 of the Municipal Code of Cherry Hills Village; and

WHEREAS, after such public hearing, the City Council took the Budget under advisement; and

WHEREAS, City Council carefully considered the Budget, the most recent information available to it regarding assessed valuation, and other impacts on the Budget, including the potential outcomes of the 2023 statewide election.

NOW, THEREFORE, THE COUNCIL OF THE CITY OF CHERRY HILLS VILLAGE, COLORADO, ORDAINS:

Section 1. The City Council hereby approves and adopts the Budget attached hereto as Attachment A and incorporated herein by this reference.

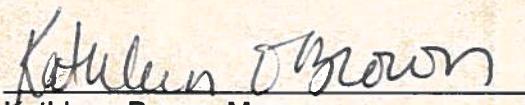

Section 2. The Mayor and City Clerk of the City of Cherry Hills Village, Colorado, are hereby authorized and directed to certify a General Purpose Levy of fourteen and seven hundred and twenty two thousandths (14.722) mills to the Board of County Commissioners of Arapahoe County, Colorado, on or before the deadline required by state law, to be levied against all property within the City of Cherry Hills Village for taxes to be collected in 2024 for the valuation year 2023.

Section 3. The City Council, pursuant to Article XX of the Colorado Constitution, deems that this Ordinance supersedes the provisions of C.R.S. § 29-1-301, and that said statute is inapplicable to the matters addressed by this Ordinance.

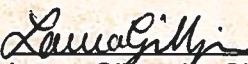

Section 4. Should any section, clause, sentence or part of this Ordinance be adjudged by any court to be unconstitutional or invalid, the same shall not affect, impair or invalidate the ordinance as a whole or any part thereof other than the part so declared to be invalid, except to the extent that such invalidation defeats the purpose and intent of the City Council in adopting this Ordinance.

Adopted as Ordinance No. 8, Series 2023, by the City Council
of the City of Cherry Hills Village, Colorado, on the 6th day of
December, 2023.

(SEAL)

Kathleen Brown, Mayor

2024 CIP Descriptions

Infrastructure Improvements	\$965,000
------------------------------------	------------------

Asphalt Road Program \$550,000

- The City's current Street Improvement Program was initiated in 2007, the program was designed as a long-term rehabilitation and maintenance program to improve and enhance the City's streets. The program has been a huge success. The last year the City performed a large-scale paving program was 2012. In the 17 years since the inception of the program all the City's streets have been chipsealed at least two times and in some cases three times. We will continue to utilize chipseal as the long-term maintenance product and process for the City's street. In 2024 we will begin supplementing the chipseal program with a paving program for streets that have begun to see deterioration that can no longer be addressed with a simple surface treatment. The needed mill and overlay process was anticipated when the original program was initiated. The pavement replacement program will be utilized with the chipseal program for the next 5 to 7 years to ensure the continued quality of the City's streets.

Chipseal \$400,000

Pavement Replacement \$150,000

***Please see Page 'F' for a location map**

Concrete (Curb and Gutter) \$80,000

- Concrete repair and replacement throughout the City.

*Staff will provide a map of the project area when finalized.

Parks Trail Improvements

- Slurry sealing of the Quincy Trail from University to Clarkson.
- Remove and replace a section of trail at Kent Denver and install root defense to alleviate the problem being caused by large trees adjacent to the trail.
- Remove and replace failing sections of trail on Holly St. and Slurry seal.

Right-of-way Improvements \$235,000

- Traffic Island Removal on Bellevue \$190,000

Removal of the island on Bellevue Ave at Cherry Hills Farm Drive to install a turn/safe lane for residents to go east on Bellevue Avenue. This is a 50/50 split with the Cherry Hills Farms HOA.

- **Bridge Maintenance** \$15,000

The Bridge at Quincy and the High Line will require some maintenance in 2024, including crack filling and concrete work.

- Sidewalk Gap Study \$30,000

This study will look at the missing sidewalks within CDOT right-of-way that the City is responsible for and study the feasibility of closing these gaps by constructing sidewalks where it is currently missing. The Study may also look at how the City might formalize major bike routes throughout the interior of the City.

Other Projects **\$25,000**

- The play rocks in Dahila Hollow will be replaced as the original rocks constructed from fiberglass have failed. The project will be funded utilizing the Stadium District funds received by the City.

Equipment	\$344,000
------------------	------------------

Public Works	\$92,000
---------------------	-----------------

- **Culvert Jetter** \$92,000

Historically the Public Works Staff has manually cleaned culverts within the City's rights-of-way. This is no longer practical as it is time-consuming and often staff are not able to properly and fully clean culverts. The Culvert Jetter will enable staff to better maintain the city's stormwater drainage system in an efficient manner and ensure that the system is properly functioning.

Police	\$132,000
---------------	------------------

- **Tasers** \$118,000

The Police Department requests replacement of the currently issued Electronic Control Weapon (ECW), commonly known as Taser, marketed by Axon. The police department last issued this control weapon, the Taser X2 over 10 years ago. This system is now obsolete, and the current system (requested) is two iterations ahead, now the Taser 10. The typical Taser service life is expected to be around five years and as such, the department recognizes the need to remain current with technology and control options.

- **Speed Trailer** \$14,000

Adding a trailer to the department's Traffic Operations Division to increase education and enforcement of speeds throughout the City. This trailer will also be utilized with the City's Traffic Calming Program.

Parks	\$95,000
--------------	-----------------

- **Toolcat replacement** \$78,000

The current Toolcat has met its lifecycle and is beginning to fail. Maintenance costs have become too high. The Toolcat is the work horse of the Parks fleet and is utilized more than any other piece of equipment on a consistent basis.

- **Pickup Salt Spreader** \$17,000

This spreader will be used primarily on paved trails and City parking lots by the Parks Division. It will also be used to supplement snow material application on smaller residential streets.

Computer Equipment	\$25,000
---------------------------	-----------------

- Replacement of the City's main server that 8 years old and no longer meeting the needs of the organization

Vehicles	\$715,760
-----------------	------------------

Public Works	\$500,000
---------------------	------------------

- **2 Single axle dump trucks** \$420,000

This will replace one single axle dump truck (2000) as well as replace a dual axle dump truck (2013) that will be traded in. The dual axle truck is no longer practical for the required functions of the Department as it is too large to be utilized fully during daily operations. This truck will be sent to auction and the proceeds will offset the cost of these purchases.

- **Truck Replacement** \$80,000

This will replace a 1998 pickup truck that has an attached plow.

Police Vehicles	\$215,760
<ul style="list-style-type: none"> The Police Department requests three new police package vehicles to replace three current vehicles that are each eight years old and currently have over 100,000 miles. Given the delays in obtaining vehicles, it is anticipated that each of the replaced vehicles will have over 125,000 miles upon end of service life. 	

Facility CIP Major Component Repair	\$1,026,000
--	--------------------

John Meade Park Wetlands	\$50,000
---------------------------------	-----------------

- Approximately 8000 square feet of wetlands will be added to the Park in order to meet our permit requirements. Some of the regrading will also assist the City in meeting the floodplain requirements.

City Hall	\$30,000
------------------	-----------------

- Extend both ends of the staff seating areas to allow better viewing from the dais.

Parks Projects	\$946,000
-----------------------	------------------

- Quincy Farm Big Barn \$771,000
Repair of the barn to make the building usable for programing and events.
- Quincy Farm Pond \$100,000
Dredging of the pond to increase the depth and improve the health of the water.
- Quincy Farm Bridge \$75,000
Replace the footbridge from the High Line to the east side of the Farm.

Stormwater	\$125,000
-------------------	------------------

Stormwater Infrastructure	\$50,000
----------------------------------	-----------------

- In 2023 the City's underground storm system will be mapped as there is no documentation of the system in its entirety. In 2024 the system will be videoed and cleaned, A long range maintenance and repair plan will be completed with the information from the video.

MHFC @Little Dry Creek	\$75,000
-------------------------------	-----------------

- This is a joint project with MHFD and the owners of 1800 E Tufts Ave. to repair and enhance the stream to protect both private property and the footbridge abutments for the City owned bridge.

ARPA	\$1,305,490
-------------	--------------------

High Line Stormwater	\$650,000
-----------------------------	------------------

- The Blackmer Overflow improvements have been identified as the highest priority project from the Stormwater Study performed in 2022. This project would help alleviate over topping of the High Line and ensure stormwater runoff can be safely conveyed to minimize flooding and property damage.

Electric vehicle charging stations	\$250,000
---	------------------

- Install sufficient electricity for future Type 3 charging stations at the Police Facility

Electric Vehicles **\$155,490**

- Two electric vehicles will be purchased. One of the vehicles will be utilized as the administrative pool vehicle. A second vehicle will be used to replace either a Code Enforcement vehicle or the Right-of-Way Managers vehicle.

Public Works Facility **\$250,000**

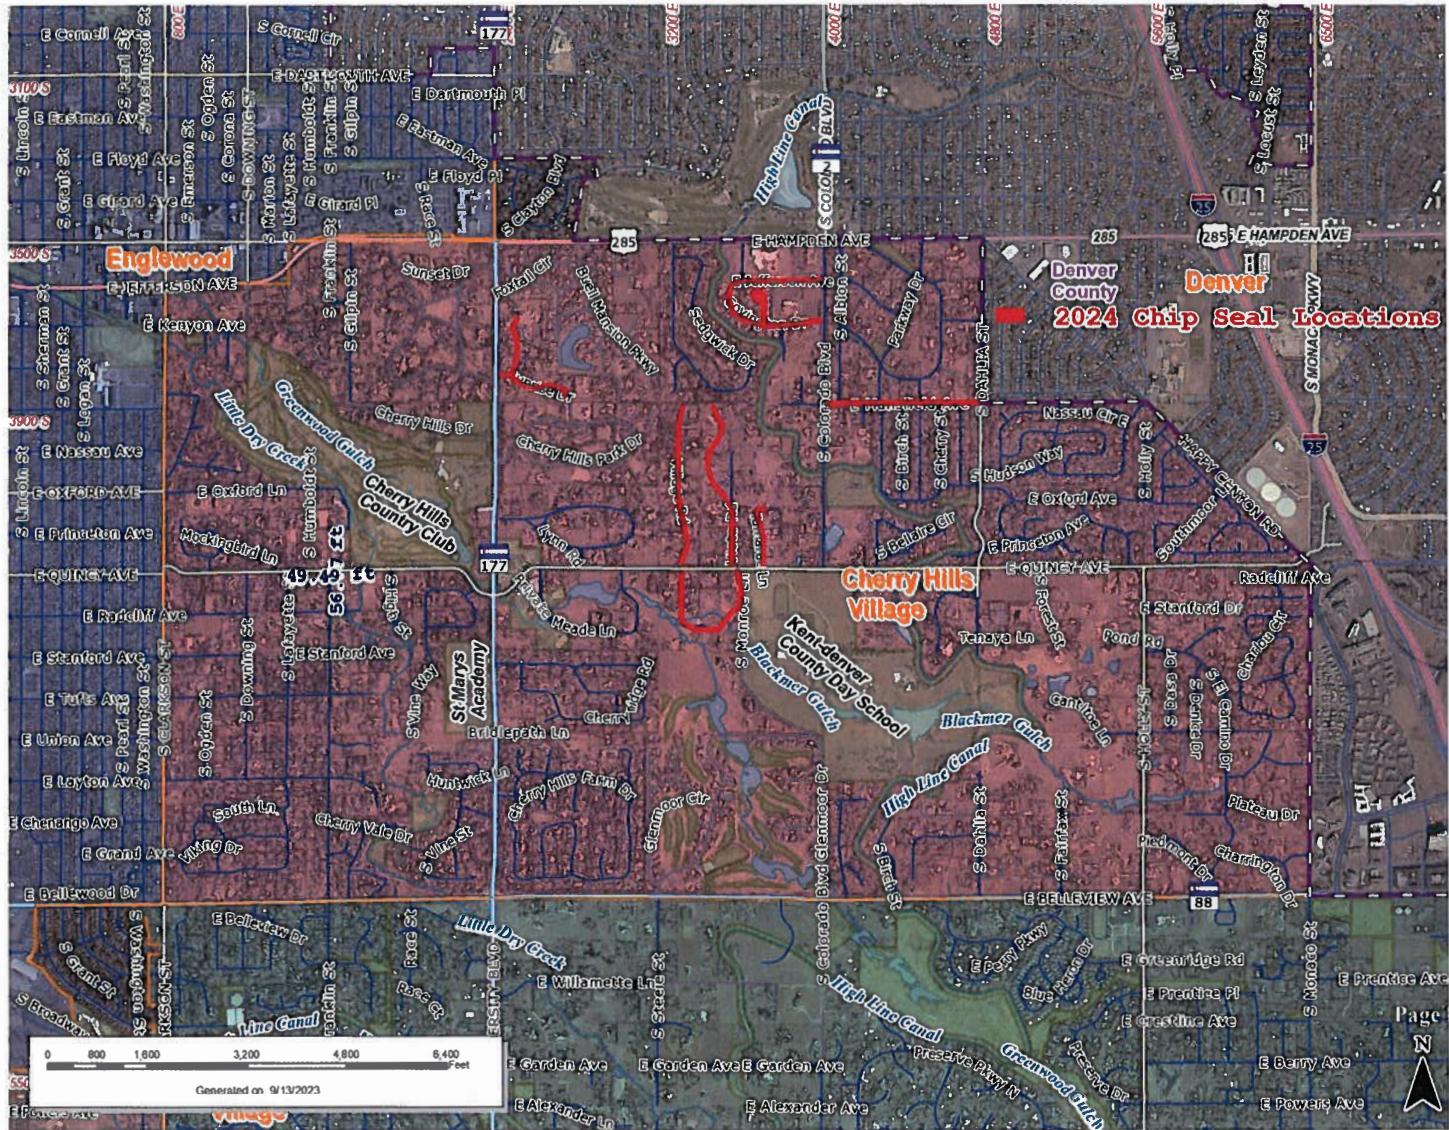

- Fuel Pump Computer System** \$10,000
The system is failing and is no longer being serviced by the manufacturer.
- Backup Power for Fuel System** \$20,000
Ensuring that Public Works and Police staff can get fuel 24/7 even when power is out.
- PW Facility Drainage Improvements** \$10,000
Installation of a stormwater pump to alleviate flooding issues at the site.
- Storage Facility Replacement** \$210,000
When the site was purchased, it was decided to keep several buildings for temporary use. A new metal shed will replace an existing one utilized by the Parks staff for equipment and special event equipment and materials, and a second covered storage building will be added to cover parks related materials and ensure compliance with stormwater regulations.

Master Plan Projects	\$100,000
-----------------------------	------------------

- Cellular Study preliminary public relations outreach

Total of all 2024 CIP's	\$4,581,250
--------------------------------	--------------------

MAJOR ASSUMPTIONS

- 1 - Same revenue assumptions as in the General Fund LRFF for property taxes and interest earnings
- 2 - Same expend assumptions as in the GF LRFF for personnel and operational costs
- 3 - In the Cons Trust and Arap County Open Space Funds, a 3.0% inflation factor was used
- 4 - Quincy Farm operating costs will be paid from the Parks and Rec Fund starting in 2025
- 5 - Large sewer maintenance costs are projected every three years
- 6 - There are no additional Parks employees in the forecast yet additional contracted services may be needed
- 7 - The Cat Anderson Fund may change to 'Land Donation Fund' and receive Parks Donations
- 8 - 2034 estimated Capital Fund expenditures is \$1.5 million

CITY OF CHERRY HILLS VILLAGE

11/28/23

DECEMBER 2023

City of Cherry Hills Village

2023 Work Plan Accomplishments

ADMINISTRATION AND FINANCE DEPARTMENT

1. **Compensation Study:** The City will complete a Compensation Study in 2023 through an RFP process to hire a third-party consultant. The consultant will be expected to conduct a comprehensive classification and compensation analysis which will include:

- a. Review of all job descriptions, analyze the existing job classification system and give recommendations as appropriate.
- b. Conduct a market study and evaluate internal relationships and organizational structure based on the job duties assigned and possibly evolved.
- c. Develop an implementation plan to make any necessary compensation adjustments and cost estimate for implementation, including consideration of both internal and external disparities, if any.

Complete. Study was completed in September 2023 and will be implemented in 2024.

2. **American Rescue Plan Act Planning:** Staff will work closely with City Council to chart identify potential funding uses for the ARPA funds based heavily on the projects outlined in the Master Plan, and then performing a public outreach process prior to City Council approval.

Complete. Staff has included with the 2024 budget the expenditures of all ARPA funds.

3. **Review and Update City policies and procedures for a revised Employee Handbook**
Ongoing. Staff and City Attorney are working to complete a comprehensive 2024 Employee Handbook. This has been added to the 2024 Work Plan

4. **Audit and Budget:**

- a. *Obtain a clean city audit report;* also, link the 2023 budget on the city's website via Cleargov.
- b. *Apply for the GFOA budget award.* Complete the necessary Treasury (ARPA) reporting.

Complete. City obtained a clean audit and GFOA award in 2023.

5. **Long-Range Financial Forecast:** Staff will continue preparing financial plans and long-range forecasts to assist City Council with short- and long-term planning for the City and presenting the plan at the City Council Retreat. The forecast includes discussion of the

Capital Fund and ten-year capital improvement program. This will also include an analysis of forecasting based on expenditure types, such as salaries and benefits, rather than per department and review of revenue and expenditure assumptions. The Long-Range Plan should also include a process to review ARPA spending priorities and a process to review those ideas/needs, obligating funds for 2024.

Complete. LRFF was updated in February 2023 and again as part of the 2024 budget.

6. **Sales Tax Code changes:** Work with the City Manager and City Attorney to recommend relevant sales tax code updates, based on the sales tax code ballot results, CML model ordinances, and other cities' sales tax codes.

Complete. Sales Tax Codes were updated.

7. **Successful implementation of the sales tax lockbox:** Open the sales tax lockbox in January, deliver a communication plan so taxpayers have the new address, goal of 50% of current checks diverted to the lockbox (roughly 100 payments each month) by the end of 2023.

Complete. Lockbox with Wells Fargo Bank has been implemented.

8. **Accounts Payable payment efficiencies:** Finalize and implement 'virtual card' payments, additional physical credit card payments, and ACH payments with vendors willing to accept those payments. The first-year goal is 30% of current vendor check payments moving to electronic payment methods.

Complete. Virtual Card with Wells Fargo is running with twelve City vendors

9. **NEW- Sale of 90 Meade Lane:** Place 90 Meade Lane for sale and procure a buyer at highest possible price.

Complete. The sale transaction was completed in August 2023. Funds deposited into General Fund.

10. **NEW- State Land Use Preemption (SB23-213):** Work with City Council and Legislative Consultant to defeat proposed Senate Bill 23-213 which would reduce/eliminate local authority and control over zoning requirements within City boundaries.

Complete. SB 23-213 was defeated in 2023.

POLICE DEPARTMENT

11. **New Operations Commander process/new police officer hiring:** The police department has hired two new officers who will be attending the police academy beginning January 9, 2023. This marks the first hire group sent to police academy as City employees. The promotional process for police commander will begin in Q1 of 2023.

Completed: Commander appointed in March 2023 and officers completed academy.

12. **Implement Body Camera System:** The Colorado legislature has mandated the use of body cameras by July of 2023. The Department will research, procure and provide policy and procedure for this mandate in 2022 to ensure compliance. BWC's were implemented live as of Nov 1, 2022 but we will continue to improve processes into 2023.

Complete: Officer body cameras were field tested in the fall of 2022 and went live in January of 2023.

13. **Traffic approach for the Village:** The number one call for service in the Village are traffic related issues. As a result, the Department has enhanced its capabilities with a Motorcycle Unit. This Unit, along with patrol officers will be vigilant regarding traffic safety of citizens traveling throughout the City of Cherry Hills Village by identifying areas of concern and respond with appropriate enforcement, education and engineering efforts. This approach will include pedestrian and bicycle safety, education and enforcement. The shift toward traffic enforcement is a heavy emphasis on areas where crashes occur most often.

Complete: Two officers were dedicated to the new Traffic Safety Team in July 2023. Speed trailers have been regularly deployed. Also, a dedicated “traffic complaint” page has been added to the police website to allow citizens to request increased patrols.

14. **Training of Police Personnel:** The Colorado Peace Officers Standards and Training (POST) requires certified officers to complete 24 hours of in-service training annually and the reporting of the training to POST via the POST portal. Of the 24 hours, a minimum of 12 shall be perishable skills training including firearms, arrest control, and emergency driving. In addition, the Department has many certifications to maintain annually. The department will be enhancing our training program in effort to increase annual training hours from 24 to closer to 100 hours/officer.

Completed: In 2023, the new in-service training program was implemented. Each officer has or will attend a minimum 80 hours of in-service training by the end of year. The training had a focus on supervisor and leadership guidance.

15. **Community Outreach/Crime Prevention:** The Police Department works to reach out and connect with our community members. Working with the other City Departments, the Police Department will host several community engagement programs to include but not limited to National Night Out, Coffee with a Cop, and Citizens Police Academy; all in effort to enhance our community relations with respect to crime prevention in the city. In addition, we respond to requests for safety meetings with our faith-based community in Cherry Hills Village, evaluate and facilitate emergency drills at all education facilities and attend homeowner's association meetings. The Department will also attend HOA meetings.

Complete: The new Community Partnership Officer position was established in July 2023. This officer is responsible for enhanced community outreach, community programs, HOA and business liaison, and more. In August 2023, the

Department launched an interactive, community engagement website/platform called “Crimewatch”.

16. Five-Year Strategic Plan: The department will be publishing the 5-year strategic plan with performance measurements in either Q1 or Q2 of 2023.

Complete: The Five-Year Strategic Plan was presented to Council in April 2023.

17. Wellness Initiative: The Department will create a robust “officer wellness” program to address global wellness issues related to mental, physical, and financial fitness.

Complete: The Department wellness initiative went live in 2023. This included a metabolic and cardiac screening, allows for mental health checkups at no cost to the employee and a full outfitting of the gym facility.

COMMUNITY DEVELOPMENT DEPARTMENT

18. Stormwater Management Manual Draft: In anticipation of the creation and adoption of a Cherry Hills Village Stormwater Management Manual, begin to identify a project scope, budget, and stakeholders.

Ongoing. The City transitioned to a new consulting engineer (ICON) in 2023. Staff and ICON continue to monitor the need to create a CHV Stormwater Management Manual.

19. Code Updates.

- a. *2021 Building Code:* Coordinate with Shums Coda to have Council adopt the 2021 building codes. **Complete.**
- b. *Tree preservation/mitigation updates:* Research, and if possible, carry forward changes to the tree preservation/mitigation requirement to make it more difficult to remove trees. **Ongoing.**
- c. *Wireless Towers:* Update the Wireless Communication section of the code to align with state and federal requirements more closely. **Ongoing.**
- d. *Ham Radio:* Update the Ham Radio standards to align with state and federal requirements more closely. **Ongoing.**
- e. *Accessory Structures:* Evaluate the current accessory structure requirements and identify areas for improvement. Carry forward a list of code updates to clarify the accessory structure regulations. **Ongoing.**
- f. *NEW – Fencing Standards:* Amend the current code to align with Council and resident desires related to certain opacity requirements and landscaping associated with fencing. **Ongoing.**
- g. *NEW – Exceptional Hardship:* At the direction of Council, amend the current code to include a definition for exceptional hardship to create consistency as that term is used related to variance and floodplain variance applications. **Ongoing.**

20. Handouts Creation/Maintenance: Continue to create and update general handouts for the Department. These handouts are used by architects, contractors, homeowners, and staff to review the development requirements of Cherry Hills Village.

Complete and Ongoing. Staff has created several new handouts as a part of the transition to the new permit software. Staff will continue to produce handouts that help explain development requirements.

21. Land Use Forms Creation/Maintenance: In an effort to create consistency, the Department will develop standardized land use forms (submittal form, referral form, comment letter, staff report, etc.).

Complete and Ongoing. Staff has created several new forms as a part of the transition to the new permit software. Staff will continue to produce additional forms that create clarity within the new software.

22. Floodplain Management Training: Find ways to get training in floodplain management with the ultimate goal to become a Certified Floodplain Manager.

Complete. By the end of year, staff has attended or will attend 6 separate training sessions totaling 19.5 hours of floodplain management training.

23. Annual Stakeholder Meeting: Schedule and host the annual stakeholder meeting with contractors, architects, engineers, etc.

Complete. The annual contractor meeting was held on February 9th, 2023.

24. Permit and Land Use Application Management Software: Implement the permit and land use application software.

Ongoing. Staff is using the system in “Beta Mode” for permits that are relatively small in scope to work through the process and try and make the transition as smooth as possible for residents.

PUBLIC WORKS DEPARTMENT

25. Complete the Citywide Cellular Communications/Fiber Study: Select and coordinate with a telecommunications consultant to identify potential strategies to improve cellular service in Cherry Hills Village.

Ongoing. 75% Complete. Staff and City consultant (HR Green) are working to complete the study by early 2024.

26. Update the City’s Traffic Calming Policy: Review the existing Traffic Calming Policy with City Council, identify possible enhancements, and draft amendments to the policy.

Complete. Staff anticipates the policy will be adopted by end of year 2023.

27. Complete the 2023 CIP Purchases and Projects

- Purchase mini excavator.* **Complete.**
- Purchase new pickup.* **Complete.**
- Storm Sewer Mapping.* **Ongoing.** The mapping of the inlets and drop structures will be completed by end of year 2023. In 2024, the system will be cleaned, filmed, and mapped.

- d) *Bridge Maintenance.* **Completed. Work on the bridge on Colorado at the High Line will be complete by end of year 2023.**
- e) *Sidewalk Gap Study.* **Ongoing. This project will be moved to 2024 Work Plan.**

28. **2023 Street Resurfacing Project:** The yearly work plan includes chip seal on several residential streets in the Village.
Complete.

29. **2023 Concrete Replacement Program:** Replacement of drain pans and curb and gutter throughout the City.
Complete.

30. **Evaluate the status for specific roadways:** Evaluate the need to begin milling and overlaying streets that have had 3 or more chipseal coatings. Long-term planning to start in 2024 or 2025.
Ongoing. Staff has begun to evaluate which roads will need to be milled and overlayed. In 2024 the City will also bring in a third party to evaluate the City's Pavement Condition Index (PCI) to complete the evaluation and assist in putting together a long-range paving plan.

31. **Continue weed mitigation and re-seeding program at Quincy Farm and John Meade Park**
Complete. The City hired a contractor and completed the 2023 weed spraying program as well as re-seeding operations. This program will continue in 2024.

32. **Quincy Farm**

- a. *Manage public access to the East side of Quincy Farm:* Includes promotion, additional signage, troubleshooting, etc. **Complete. East side is open to the public and rules, signs, and gates were installed.**
- b. *Annual Plan Projects:* Coordinate projects planned in the 2023 Annual Plan with CHLP (feasibility study and CDs for Big Barn, interpretive signage, etc.).
Ongoing – Feasibility study nearly complete; various improvements on the property are complete. Big Barn construction drawings are anticipated to be completed in 2024.
- c. *2024 Annual Plan:* Assist CHLP to create their 2024 annual plan for Council.
Complete. The Annual Plan is anticipated to be finalized by end of year 2023.
- d. **New - Colorado Open Lands response:** Prepare a response letter rebutting COL's claims in their April 2023 Impact Memo. **Complete. Response letter sent August 2023.**
- e. **New - Colorado Open Lands/West Side Access:** Create a detailed plan for the property identifying future projects and uses along with accompanying letter from consulting attorney to demonstrate compliance with easement. **Complete. Letter and plan to be sent by October 2023.**

33. High Line Canal Stormwater Implementation: Begin implementing recommendations/initial projects for High Line Canal stormwater

Ongoing. Canal improvements still require transfer of property and rights to Arapahoe County before projects can be implemented

34. Update Trail Maps: Hire a consultant to design (with PTRC) and print new trail maps that reflect updated trail names.

Ongoing. This project moved to 2024 Work Plan.

35. Continue analysis of unimproved trail easements with City Attorney.

Complete. Council updated on trail easements in July 2023.

36. New Spring Event: Create and hold a new spring or early summer annual event to take the place of Car Show which is now being run by the Police Foundation

Complete. PTRC planned a “trail scavenger hunt” but opted to hold the first event in 2024.

37. NEW - Dahlia Hollow Play Rock Replacement: Using the one-time grant from the Metropolitan Stadium District to replace the deteriorating play rocks at Dahlia Hollow Park with similar new play rocks.

Ongoing. PTRC is currently doing public outreach. New play rock is anticipated to be installed in 2024.

38. NEW - John Meade Park Sculptures: Work with Art Commission to fundraise for \$120,000 ‘Resilience’ series and install all three sculptures in the series.

Complete. Fundraising is complete; sculpture installation planned for November 2023.

City of Cherry Hills Village

2024 Work Plan

ADMINISTRATION AND FINANCE DEPARTMENT

1. **Employee Handbook:** HR and City Attorney's office will review and update policy and procedures and finalize the 2024 Employee Handbook.
2. **Audit and Budget:** Obtain a clean City audit report. Link the 2024 budget on the City's website via Cleargov. Apply for the GFOA budget award.
3. **Long-Range Financial Forecast:** Staff will prepare updates to the long-range financial forecasts to assist the City Council with short- and long-term planning. The forecast includes discussion of the Capital Fund and ten-year capital improvement program.
4. **Main Server:** Purchase and install a new main server to replace the existing eight-year-old server.
5. **Sales Tax Code:** Update the sales tax code for audit and compliance.
6. **Purchasing Policy:** Review and update the City's purchasing policies based on Best Practices.
7. **Municipal Court Codes:** Review the City Code related to the municipal court for updates to fines, processes, etc. based on the Judges, Prosecutor, and City Attorney priorities.
8. **ADA Compliance:** HR, City Clerk and City Attorney's office will review City website, PD website, forms/applications/documents, public meetings, for compliance with Colorado House Bill 21-1110.
9. **2024 Regular Municipal Election:** Coordinate with Arapahoe County to ensure the City's municipal election process meets all local and State requirements.

POLICE DEPARTMENT

10. **Taser System:** Purchase new state compliant tasers and train officers on use.

11. **Speed Trailer:** Purchase and utilize a new speed trailer for community awareness of speeding on local roads and to support the City's Traffic Calming Policy.
12. **Traffic approach for the Village:** The Department will utilize its Motorcycle Unit along with patrol officers to be vigilant regarding traffic safety with an emphasis on areas where crashes occur most often. This approach will include pedestrian and bicycle safety, education, and enforcement.
13. **Training of Police Personnel:** The department will continue enhancing our training program above the mandated 24 hours of training in effort to provide up to 100 hours/officer. Training will focus on firearms, arrest control, and emergency driving.
14. **Community Outreach/Crime Prevention:** The Department will host several community engagement programs to include but not limited to National Night Out, Coffee with a Cop, and Citizens Police Academy to further our community profile. In addition, we respond to requests for safety meetings and/or facilitate emergency drills at all our schools and religious organizations. The Department will also attend HOA meetings as requested to provide updates and relevant information. Finally, the Department will continue to enhance the Department's website "Crime Watch" with current and relevant data to include a new blotter section showing calls for service.
15. **Five-Year Strategic Plan Update:** Annually update the five-year strategic plan.
16. **Police Vehicles:** Replace three vehicles that have excess mileage with new vehicles.
17. **Wellness Initiative:** The Department will create a robust "officer wellness" program to address global wellness issues related to mental, physical, and financial fitness.

COMMUNITY DEVELOPMENT DEPARTMENT

18. **Code Updates.**
 - a. Tree preservation/mitigation: Research, and if possible, carry forward changes to the tree preservation/mitigation requirement to make it more difficult to remove trees.
 - b. Wireless Towers: Update the Wireless Communication section of the code to align with state and federal requirements more closely.
 - c. Ham Radio: Update the Ham Radio standards to align with state and federal requirements more closely.
 - d. Accessory Structures: Evaluate the current accessory structure requirements and identify areas for improvement. Carry forward a list of code updates to clarify the accessory structure regulations.
 - e. Fencing Standards: Amend the current code to align with Council and resident desires related to opacity requirements and landscaping associated with fencing.

- f. Exceptional Hardship: Amend the current code to include a definition for exceptional hardship to create consistency as that term is used related to variance and floodplain variance applications.

19. **Handouts and Forms:** Continue to create and update general handouts and forms for public use and staff efficiency. This includes standardizing land use forms (submittal form, referral form, comment letter, staff report, etc.).

20. **Floodplain Management Training:** Train staff on floodplain management regulations and obtain certification as a Floodplain Manager.

21. **Annual Stakeholder Meeting:** Host the annual stakeholder meeting with contractors, architects, engineers, etc.

22. **Permit and Land Use Application Management Software:** Complete “Beta Mode” testing and implement the permit and land use software.

23. **City Operations Strategic Plan.** Per direction from the Master Plan, work with Public Works to create a strategic plan for city operations related to sustainability and resiliency.

PUBLIC WORKS DEPARTMENT

24. **Complete the Citywide Cellular Communications/Fiber Study:** Coordinate with our telecommunications consultant to finalize design options, costs, and identify potential partners that will lead to improving cellular service in Cherry Hills Village. Coordinate with Community Development to ensure that any wireless tower updates to the Code are advantageous to improving cellular service.

25. **Complete Public Works Facility CIP Projects:**

- a. Fuel Pump Computer: Replace the existing fuel pump computer that is no longer serviced by the vendor.
- b. Fuel Pump Backup Power: Install an electrical backup system to ensure that all City vehicles can be fueled even when the power is out.
- c. Drainage Improvements at PW Facility site: Eliminate standing water on the site by installing a pump system.
- d. Park equipment storage building: Replace the existing dilapidated metal storage shed with a new metal shed to store the Parks equipment and meet stormwater regulations.

26. **2024 Street Resurfacing Project:** The yearly work plan includes chip seal and pavement replacement on several residential streets in the Village.

27. **2024 Concrete Replacement Program:** Replacement of drain pans and curb and gutter throughout the City.

28. **Street Maintenance Evaluation:** Identify City streets that will need full replacement over the next 5-10 years.

29. **Weed mitigation and re-seeding program at Quincy Farm and John Meade Park:** Utilize contractor to eliminate weeds and to re-seed areas where plant growth has died.

30. **Quincy Farm**

- a. Big Barn: Work with Cherry Hills Land Preserve (CHLP) to finalize the design and finish the interior/exterior barn modifications.
- b. Dredge Pond: Finalize design and complete construction of pond improvements.
- c. Bridge Replacement: Coordinate the final design of the bridge replacement with CHLP and complete the construction of a new bridge over the High Line Canal.
- d. CHLP 2025 Annual Plan: Coordinate a mutual work/programming plan with CHLP for Council review and approval.
- e. COL: Pursue the full use of Quincy Farm by obtaining approval from Colorado Open Lands (COL) on future vision, use, and property improvements.

31. **Reconstruct Bellevue Median at Cherry Hills Farm Drive:** Coordinate with Cherry Hills Farms HOA and CDOT to reconstruct Bellevue Avenue medians at Cherry Hills Farm Drive to improve turning movements out of Cherry Hills Farms (50% funding by HOA) .

32. **City-wide Trail Improvements:**

- a. Quincy Trail: Slurry seal trail from University to Clarkson.
- b. Holly Street: Remove and replace failing sections of trail.
- c. Quincy/Kent Denver: Replace a section of trail to alleviate tree damage.

33. **High Line Canal Stormwater Implementation:** Begin implementing recommendations/initial projects for High Line Canal stormwater spillway at Blackmer Commons.

34. **Update Trail Maps:** In coordination with the Parks, Trails, and Recreation Commission, hire a consultant to design and print new trail maps that reflect updated trail names.

35. **EV Charging Stations:** Coordinate and install needed infrastructure to facilitate future electrification of police vehicles. Also, seek grant opportunities to defray costs.

36. **New Spring Event (PTRC):** Host new “Trail Scavenger Hunt” event.

37. **Equipment and Tools:**

- a. Culvert Jetter: Purchase jetter to clean culverts in an efficient manner.
- b. Toolcat: Replace equipment as it has exceeded its lifecycle.
- c. Salt Spreader: Purchase a salt spreader to be used in combination with a pickup truck on various paved trails and smaller streets.

38. Vehicles:

- a. Dump Trucks: Purchase 2 new dump trucks to replace the aging fleet.
- b. Electric Vehicles: Purchase 2 electric vehicles. One for administration purposes and one for either Code Enforcement or R-O-W Manager field vehicle.
- c. Pickup Truck: Purchase a new pickup truck to replace a 25-year-old vehicle.

39. Storm Drain Mapping: Complete the GPS mapping (to include video and cleaning) of all City owned storm drains.

40. Repair Tufts Bridge over Little Dry Creek: Joint project with Mile High Flood District, property owner, and the City to repair stream and prevent erosion to City owned bridge and private property.

41. John Meade Park Improvements: Complete regrading of John Meade Park to expand wetland areas.

42. Dahlia Hollow Play Rocks: Utilize Stadium District funds to replace the original faux rocks.

43. Bridge Maintenance at High Line Canal and Quincy: Complete repairs to bridge in accordance with biannual bridge safety inspection and report.

44. Bicycle Routes and Sidewalk Gap Study: Evaluate potential bike routes through the interior parts of the City and study missing sidewalk links along State rights-of-way for eventual construction.

45. City Council Dais: Extend the two staff portions of the dais to ensure better viewing from the upper section of the dais.

46. New Sculpture on Loan: Coordinate the installation of a new art sculpture with the Art Commission and explore the potential to have an art show at City Hall.

INTRODUCTION

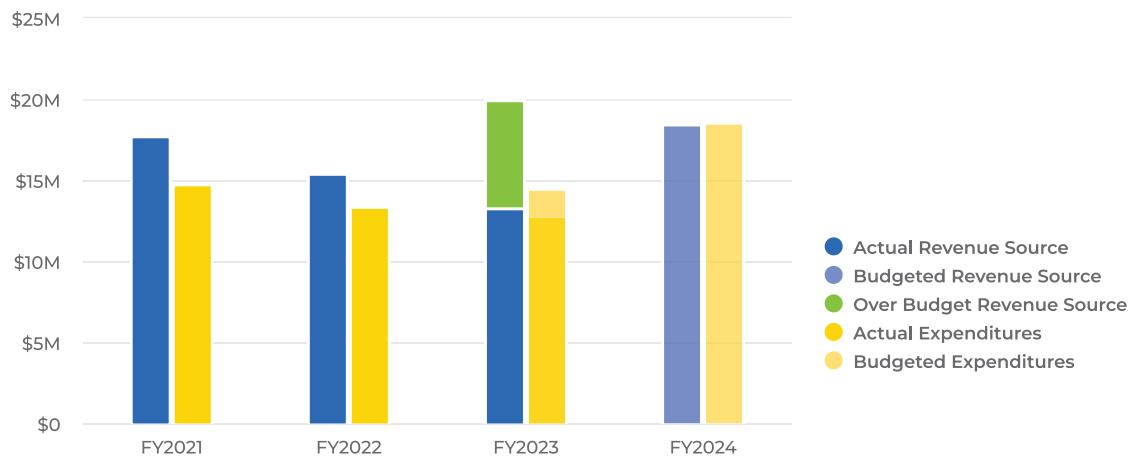

BUDGET OVERVIEW

FUND SUMMARIES

Summary

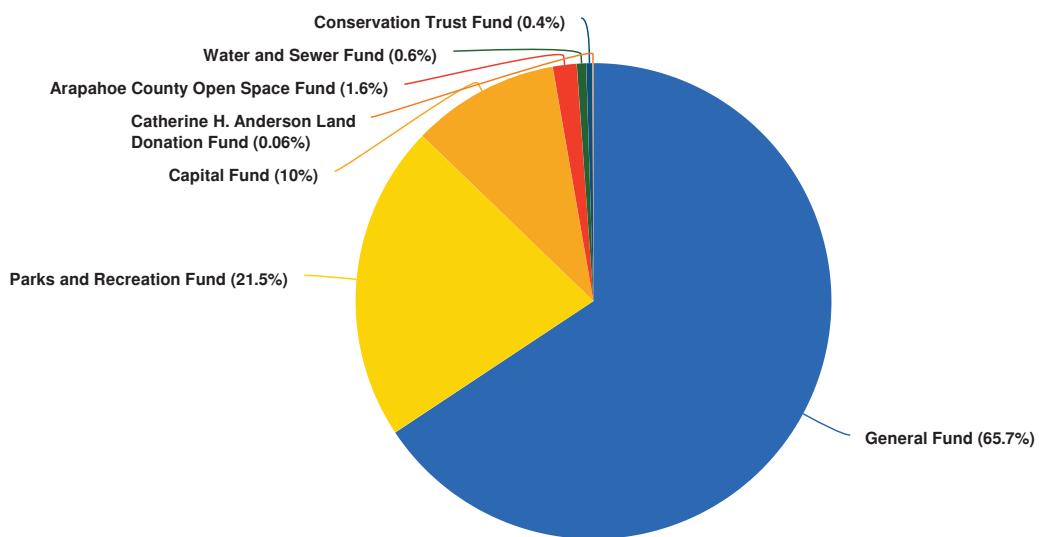

The 2023 year-end estimate includes a sale of real property for \$3,783,072 (net) in the General Fund.

Revenue by Fund

Almost 2/3 of the City's Proposed Budget revenues are collected by the General Fund.

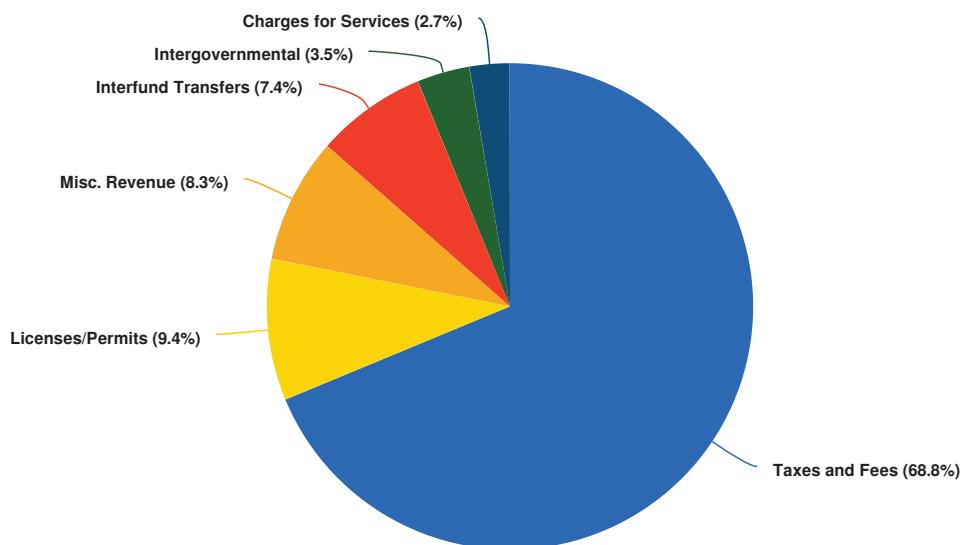

2024 Revenue by Fund

Name	FY2021 Actual	FY2022 Actual	FY2023 Adopted Budget	FY2023 Estimated	FY2024 Proposed Budget	FY2023 Adopted Budget vs. FY2024 Proposed Budget (% Change)
General Fund	\$9,885,503	\$10,636,069	\$8,483,206	\$15,167,338	\$12,140,400	43.1%

All Funds Expenditures by Function

There is a proposed \$4.8M budget increase for 2024. The majority of this increase lies in two funds: \$2.5M in the Capital Fund for capital expenditures, and \$1.0M in the Parks and Recreation Fund due to an increased transfer to the Capital Fund for capital needs. Interfund transfers are shown as 'double-budgeting' accounting for the interfund transfer from the Parks and Recreation Fund to the Capital Fund as well as budgeting for Parks projects and equipment in the Capital Fund.

General Fund

The General Fund accounts for the City's major revenues such as property and sales taxes, as well as accounting for operational costs such as Public Safety, Administration, Information Technology, Community Development, and Public Works.

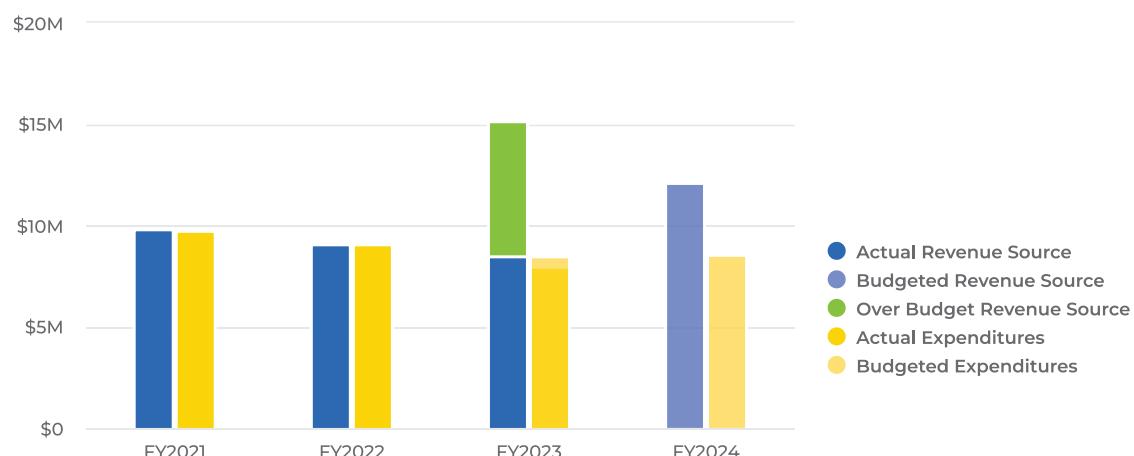

Summary

The City of Cherry Hills Village is projecting \$12.14M of revenue in FY2024, which represents a 43.1% increase over the prior year. Budgeted expenditures are projected to increase by 0.9% or \$78.34K to \$8.56M in FY2024.

The proposed budget revenue increase is largely created by the property value re-assessment, occurring each even numbered budget year. For 2024, property tax revenues in this fund are estimated to increase by close to \$868k or 35%. Please keep in mind these taxes are based on a preliminary assessed value estimate from the County; the City will not have the final values until late November.

As compared to the 2023 budget, retail sales taxes increase by \$1.4 million due to the approved ballot issue regarding the City's sales tax code. (As of the 2023 budget adoption, ballot results were not certified). Motor vehicle use taxes are anticipated to experience a modest decline of 5% after three recent years of increased vehicle sales totals. The City's building activity was fueled by a high volume of new single-family permits in 2023 and is expected to normalize in 2024. Thus, building permit and plan review fees are estimated to decline by 10%.

Lastly, continued high expected interest rates into most of 2024 along with improved City cash management, result in continued high investment income in 2024.

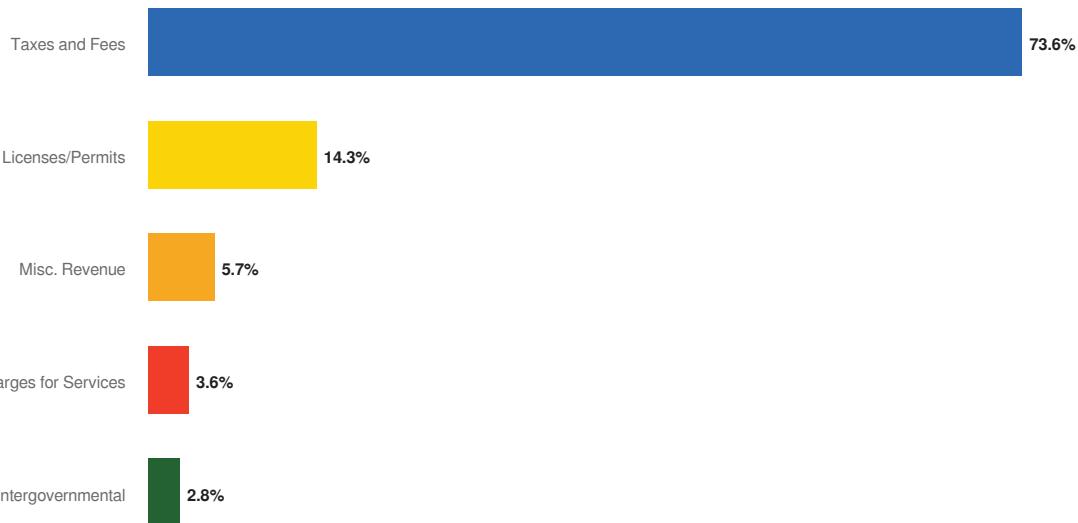

The 2023 year-end estimate includes a sale of real property for \$3,783,072 (net).

General Fund Revenues by Source

The General Fund's largest revenue source is from Property Taxes which accounts for over 30% of the 2024 Estimated Revenues.

Total Fund Balance:	\$18,931,743	\$22,510,593	18.9%

Capital Fund

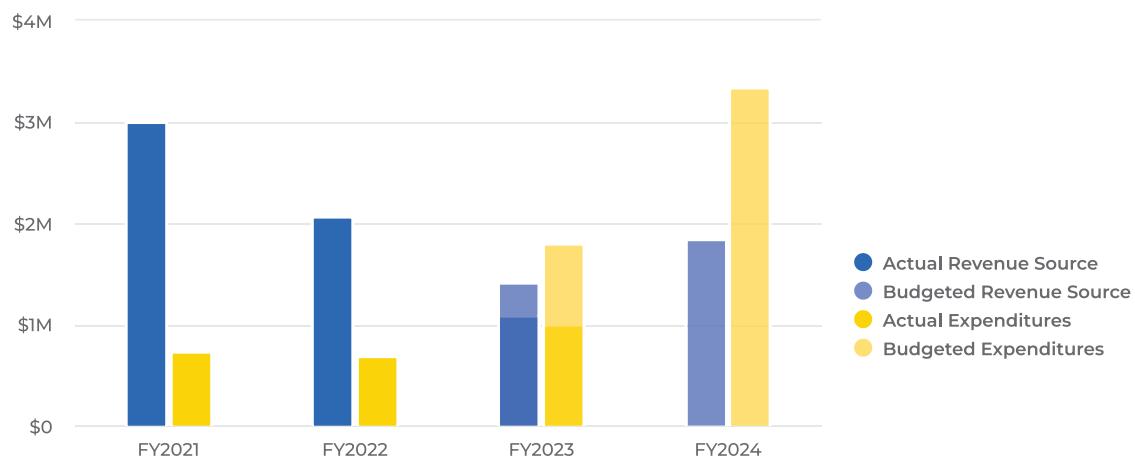

This is the City's main capital asset funding mechanism for the Capital Improvement Program.

This fund accounts for vehicles, major equipment, building improvements, infrastructure, and major general governmental capital projects.

Summary

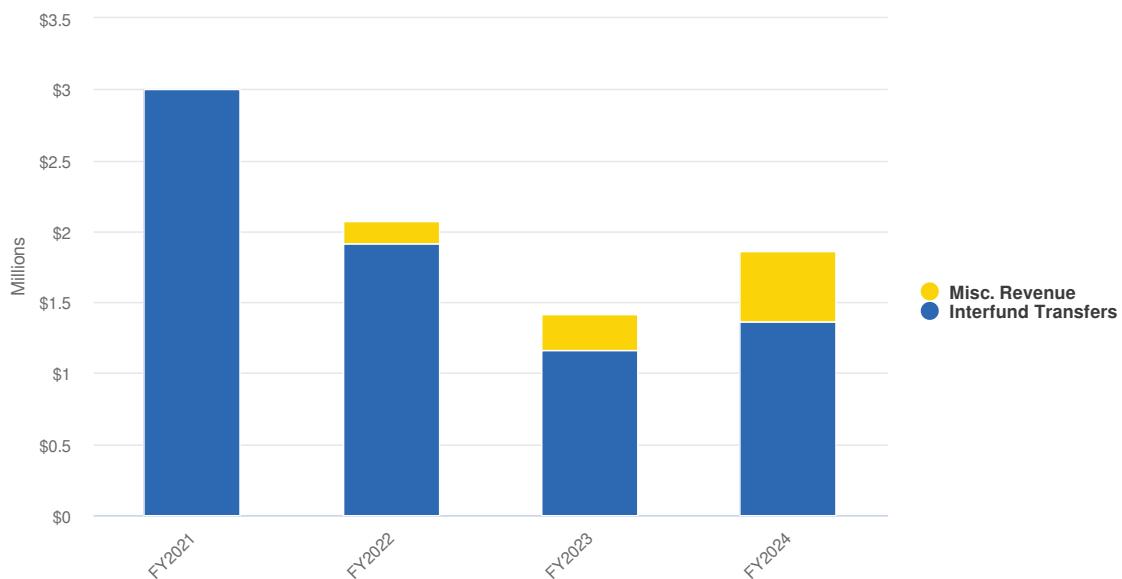

The City of Cherry Hills Village is projecting \$1.86M of revenue in FY2024, which represents a 30.8% increase over the prior year. Budgeted expenditures are projected to increase by 85% or \$1.53M to \$3.34M in FY2024.

Actual and budgeted revenues include interfund transfers from the General Fund for general governmental capital assets and the Parks and Recreation Fund for Park-related capital expenditures, accounted for in this fund. There is \$1.2 million budgeted in 2024 for parks-related equipment and project expenditures.

Capital Fund Revenues by Source

The Capital Fund's revenues consist of interest income (Misc Revenues) and interfund transfers from the General Fund and Parks and Recreation Fund. The Parks Fund transfers equal *actual* parks-related capital purchases for the year.

Fund Balance

Capital Fund Ending Fund Balance

Projections

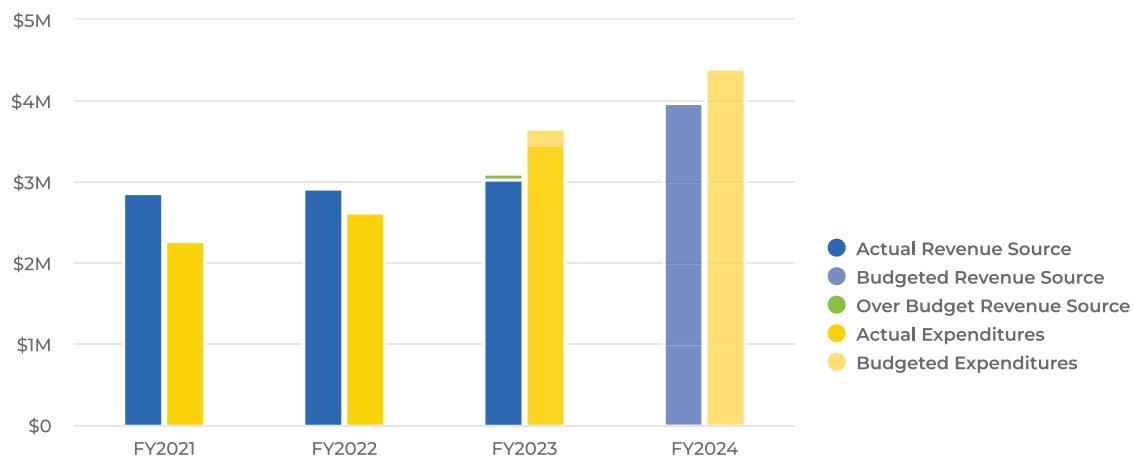

The Parks and Recreation Fund accounts for property tax revenues and associated Parks and Recreation expenditures. This fund was created due to the City of Cherry Hills Village's exclusion from the South Suburban Parks and Recreation District.

Summary

The City of Cherry Hills Village is projecting \$3.97M of revenue in FY2024, which represents a 30.7% increase over the prior year. Budgeted expenditures are projected to increase by 20.4% or \$746.22K to \$4.41M in FY2024.

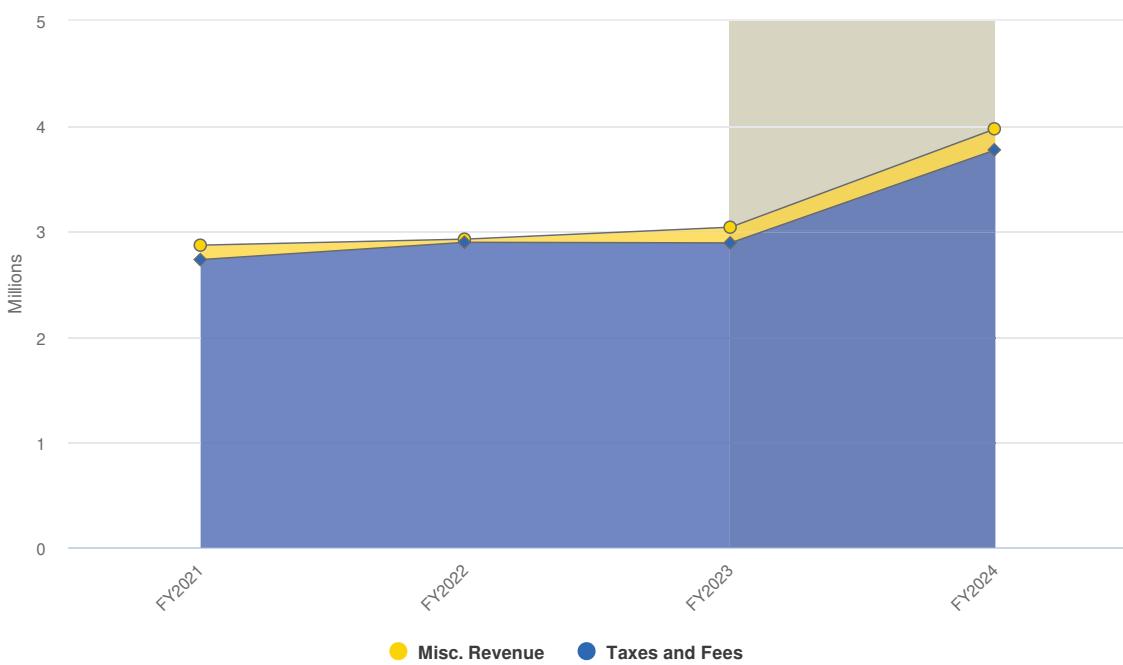

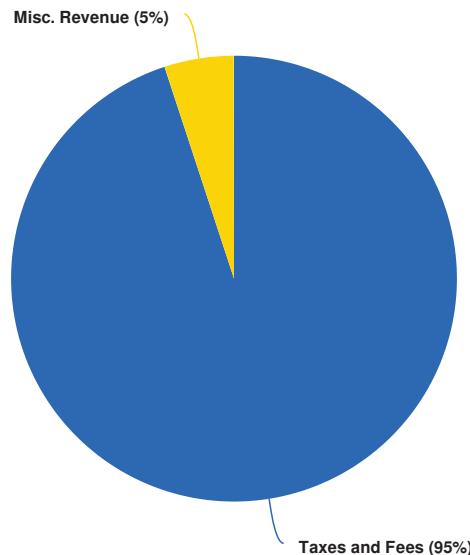

Revenues are estimated to rise due to increased interest income derived from higher interest rates. A major part of the expenditure budget increase is an interfund transfer to the Capital Fund to fund parks equipment, trail projects, and various parks capital projects including a share of improvements to the High Line Canal infrastructure and Quincy Farm.

Parks and Recreation Revenues by Source

The Parks and Recreation's main revenue source is property taxes; the mill levy rate collected by this fund is 7.422 of the City's total 14.722.

This fund was created to account for grant revenues and restricted uses as outlined in the federal government's American Rescue Plan Act (ARPA) of 2021.

Summary

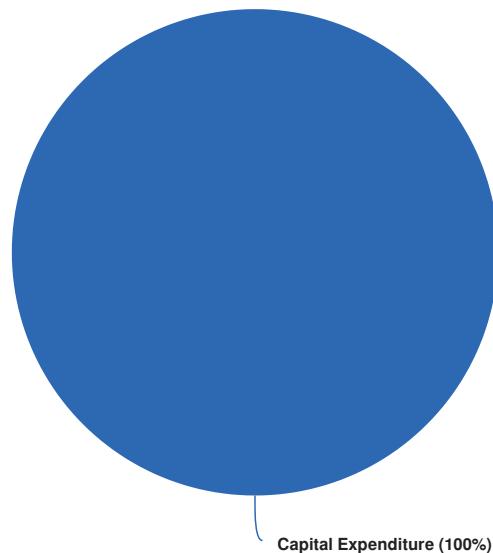

The City has \$1.3 million remaining ARPA funds at the end of 2023. These funds are proposed to be spent on the following projects:

High Line Canal infrastructure	\$650,000
Electric Vehicle Charging Stations	\$250,000
Electric Vehicles	\$150,000
Public Works Facility	\$250,000
