## **NEW MAYOR & 3 NEW COUNCILMEMBERS ELECTED**

### **VANDERWERF APPOINTED TO FILL DISTRICT 5 VACANCY**

At the April 4th election, **Mike Wozniak**, Councilmember from District 5 for the last two years, was elected Mayor. He succeeds Doug Scott who served as mayor for 2 terms. Wozniak received 966 votes, Scott Higgins received 441 votes, and Doug Scott received 291 votes. Wozniak's election to Mayor left his District 5 Council seat vacant with two years left on his term. At the May 16th Council-meeting, Council appointed **Klasina VanderWerf** to serve out Mayor Wozniak's term.

In District 2, **Russell Stewart** received 1,246 votes; Ira Plotkin, received 319 votes. In District 4, **Scott Roswell** received 1,139 votes; Mark Van Loucks received 490 votes. In District 6, **Harriet LaMair** received 1,149 votes; Fred Boutin received 465 votes.

The Mayor serves for two years with a 3 term limit; Councilmembers serve for 4 years with a 3 term limit. Both positions are volunteer positions. CHV elected officials receive no compensation for their work.

Councilmembers must run from the District where they live, but they are elected by ALL the voters in the Village; Residents vote on candidates from each District.

In this 2006 Mail Ballot Municipal Election 4,211 ballots were mailed out and 41% (1,746) of those receiving ballots voted. It cost the City \$9,000.00 to conduct the election by Mail Ballot.

By comparison, the 2004 Paper Ballot Municipal Election cost the City \$1,462.95 and 8% or 437 voters cast ballots.

In 2002 when the City conducted the Municipal Election by Mail Ballot, it cost \$8,781.52 to mail 4,137 ballots and 1,332 citizens (about 32%) of registered voters cast ballots.

*L to R: Councilmember from District 6, Harriett LaMair; Mayor Mike Wozniak; Councilmember from District 2, Russell Stewart; and Councilmember from District 4, Scott Roswell, are sworn in.*

*The first order of business for the new Council was to elect a Mayor Pro Tem to serve in the Mayor's absence. Doug Tisdale, Councilmember for District 1, was elected by the Council. He is shown here with Mayor Wozniak on the right.*

# MAYORAL MUSINGS

BY MIKE WOZNIAK

It has been a busy, exciting and challenging first six weeks in office for your new City Council and Mayor. Let me first personally thank all of the candidates who ran for office. We should all be proud to have had such wonderful choices in the selection of our unpaid public servants.

To update everyone on the status of projects Council is working on:

1. Greenwood Village Cooperation. Council Members **Stewart, Tisdale** and I attended a joint meeting with Greenwood Village to begin to open the communication on our common issues which mostly surround the Bellevue corridor, connection of trail systems and traffic. I also attended the Arapahoe County Mayors and Managers Meeting to explore common South Metro Area issues including transportation, growth and light-rail station development.

2. Adjacent Developments. Council has received briefings and we have discussed with Greenwood Village the effects of nearby development on our City. The Bansbach-Bellevue Station development at the Mountain View Golf Course at I-25 and Bellevue is expected to break ground this Fall of 2006, with the initial construction of 5 to 6 story apartment buildings. Council is evaluating input and comments it may make to the City and County of Denver with respect to this development. We are advised that preliminary plans encompass retail, pedestrian area and approximately 2,000 dwelling units. Similarly, Council has received an update with respect to the so-called Esplanade Development preliminarily approved by the City of Englewood at the corner of Hampden and University. As additional information comes available, it will be posted on the City's website.

3. South Suburban. The City has filed its combined Reply and Answer to South Suburban's Cross Appeal on May 1, 2006. We have posted the reply on the City's website for anyone interested in following the developments of the South Suburban appeal.

4. IT Update. Council is evaluating an upgrade of the antiquated computer system at the Village Center for City employees so that individual emails and a network can be established in order to more effectively communicate with citizens and also between staff and Council. Additional funds are not being raised for any upgrades; rather, we are working with the Police Department in deferring the records management system which has already been budgeted to obtain a source of these funds.

5. Hillcrest Tower. I recently wrote a letter to Mayor Hickenlooper urging reconsideration of the Hillcrest Tower and enclosing Council's resolution opposing the site for the 200' tower. We are very excited to report that the community meeting held by the Denver Department of Safety and Office of Information Technology May 18, 2006 at 7:00 p.m. at the Bethany Lutheran Church, 4500 E. Hampden Avenue was held to consider a site on the roof of the Four Points Sheraton at I-25 and Hampden. I want to personally compliment **Glenn Decker** who has tirelessly worked on this issue.

6. City Boards and Commissions. Council interviewed nearly 30 people for openings on the newly reconstituted Parks, Trails and Recreation Commission, Board of Adjacent and Appeals, Planning and Zoning Commission, and the District 5 City Council opening. We have been amazed at the quality of our citizens willing to donate their time to these challenging and fulfilling positions.

7. Staffing. Councilman **Roswell** and I have been working on the firm proposals for selection of the City Manager. It is likely that Mountain States Employers Council will be retained to aid in this search and are hopeful to move this process forward as quickly as possible. Moreover, we are evaluating the public works position in which Jay Goldie serves and are examining whether to make this his full time position.

8. 2006 City Council Liaison Assignments. The Liaison Assignments are posted on the website so that should you have any issues with respect to specific departments or issues within the City, you may know who to direct your comments to on Council.

9. Communication. We have developed an email communication system whereby those citizens who desire to be placed on the City's communication email list may receive periodic email communication from the Mayor and Interim City Manager. We hope to be able to keep everyone much more informed on day-to-day issues. Please sign up on the City's website.

10. Master Plan. The new Council's first priority has been to move forward as soon as possible with the revamping of the Master Plan. Council Member **Bonnie Blum**, Planning and Zoning Commission Members **Donna Kearns**, and **Kristy Schloss**, and Citizen Volunteers **Debbie Wells**, **David Cooper**, and **Jeff Welborn** have been instrumental in moving this process forward. Council has determined that the RFP responses we have received to date are insufficient to merit the awarding the consultants with this project. Therefore, Council is considering increasing the funds allocated to the Master Plan consultant and moving this process forward as soon as possible. Between the Parks, Trails and Recreation Commission, the Master Plan, potential evaluation of zoning changes, traffic, many other of our Village issues revolve around an updating and a reaffirmation of the Master Plan. The Blue Ribbon Panel's recommendations also need a vehicle and a sounding board for implementation. Council will be diligent in moving this project forward.

11. Village Center. Once the Boards and Commissions are fully staffed, Council will turn its attention to the appointments for the *Citizens City Center Committee* on the Village Center. The Application for this important committee is posted on the City's website. We have been encouraged by comments we have received by Village architects including **David Cooper**. It will be this citizen commission's mandate to re-examine the campus created near the Village Center to evaluate and recommend our next course of action with respect to the building that has been proposed. In the meantime, Council has put all of the consultants working on this project on hold. Due to the asbestos issues in the residence we have purchased across Meade Lane from the Village Center, we recently authorized the demolition of this building.

12. Metro-Mayors Caucus. I will be representing the City at the next meeting of the Metro Mayors Caucus. This year the Caucus is working on four major regional issues: early childhood school readiness, health and wellness commission, regional water conservation and increasing energy efficiency, and certain legislative outreach issues effecting municipalities. We recently requested Governor Owens re-evaluate the current air emissions testing on vehicles and attention to a remote sensing program which could be more cost effective.

13. Construction issues. Council is evaluating the hours and days of construction in order to consider additional reasonable limitations on Sunday and evening construction.

Finally, we are attempting to run Council meetings more efficiently and are striving to involve many more citizens in our local government issues; we expect to get things done in a prompt and effective fashion. I am personally honored to continue the work undertaken by our previous dedicated Mayors and am continually amazed by the dedication of the citizens who live in our Village.

*Mike*

## CHV ESTABLISHES E-MAIL INFORMATION LIST

In an effort to better serve CHV citizens, the City has established an e-mail information list. This list will be used periodically to communicate with residents about City issues. From time to time, the City will also endeavor to provide Council information, notice of public hearings, and general city information to those citizens who choose to participate. For more information, contact Jennifer Pettinger, City Clerk, at [cherryhills@frii.com](mailto:cherryhills@frii.com) or call her at **303-789-2541**. To sign up for this service, log on to the City's website at [www.cherryhillsvillage.com](http://www.cherryhillsvillage.com). Click on the "E-Mail Information" link, and submit the information requested.

**NEXT CRIER DEADLINE: JULY 21ST**

*L to R: Outgoing Councilmembers - Cathy Pomeroy, District 4; Mayor Scott; Fred Boutin, District 6, and John Love. The Village is most appreciative of their many years of service.*

## NEW DISTRICT 5 COUNCILMEMBER VANDERWERF SWORN IN MAY 16TH

At the May 16th Council meeting, Council selected **Klasina VanderWerf** to finish out the District 5 term vacated by Mike Wozniak when he was elected Mayor. There are two years left on this term.

VanderWerf has been involved in Village activities since 1998 when she first joined the Parks & Trails Committee.

She served on P & T from 1998 to 2005 and Co-Chaired the same Committee from 1999 to 2005. From 2001 to 2003 she was an alternate member to the Board of Adjustment; from 1999 to 20004 she was a member of the advisory committee for the Crier; since 2001 she has served as Secretary to the Cherry Hills Land Preserve Board, and is one of the Land Preserve members who are currently working on a history of the Village.

Klasina's career experience has been in the areas of teaching, marketing, public relations, and communications. As an instructor for Front Range Community College, she taught courses in philosophy and ethics. She is married to Dr. Tom Thomas, an orthopedic surgeon. VanderWerf says of her appointment:

"This is a time of tremendous opportunity for Cherry Hills Village. It will be important to do the kind of planning and to make decisions which ensure that this wonderful community of ours continues to be the kind of place that initially convinced each of us that we wanted to live here. We are fortunate in that this is also a time when there is tremendous citizen interest in the issues facing the Village as well as the genuine desire by many citizens to be actively involved in the process that moves us forward. I am honored to be a part of this."

## BOARD MEMBERS APPOINTED

### PARKS TRAILS & RECREATION COMMISSION

At the May 16th Council meeting, Council appointed several residents to the new Parks, Trails, & Recreation Commission. The new appointees are: **Bill Callison, Jane Soderberg, Phyllis Hayutin, Theresa Gilpatrick, Alix Corboy, Heidi Schmidt Hammel, and Harriet Crittenden LaMair** who will be the Council liaison. The Commission will meet at 7pm at the Village Center on the 3rd Thursday of the month .

### BOARD OF ADJUSTMENT

Council appointed **Earl Hoellen and Jim Tarpey** to serve as new members to the BOAA. They join current members **Alex Brown, Don Johnson, and Suzy Love; Bonnie Blum** is the Council liaison. The Board of Adjustment meets at 7pm on the 1st Thursday of the month at the Village Center.

### PLANNING & ZONING COMMISSION

New Council appointments to the Planning & Zoning Commission are **Kevin Iverson and Ira Plotkin**. They will serve with **Donna Kearns, Jacques Machol, Kristy Schloss, Kerry Sullivan and Roy Watts**. P & Z meets the 2nd & 4th Tuesdays of the month at the Village Center.

## CITIZEN'S CITY CENTER COMMITTEE

All planning work on the proposed new Village Center is on hold as the City Council, with the assistance of the soon to be formed Citizen's City Center Committee (CCCC), analyzes the need and scope of the project. The house at 125 Meade Lane, acquired by the City in 2005 as part of the proposed Village Center expansion project, was recently demolished. The structure contained asbestos; after asbestos abatement was completed last year, the remaining structure was unsafe and a hazard to children and pets. One of the last acts of the prior Council was to direct the removal of the structure. Residents with questions are encouraged to contact Eric Ensey, Interim City Manager, at **303-789-2541**.

## CHVE COUNTRY FAIR

and Picnic

Sunday  
September 10th  
3 - 6 p.m.

## SAVE THE DATE!!

To help sponsor this event, contact Theresa Gilpatrick at 303-806-9018.

## Two CHV OFFICERS HONORED

Chief John Patterson announced that **Officer Pat Whitman** was promoted from sergeant, the rank she has held since 1982, to lieutenant on March 12th of this year. She is the first woman to hold this rank in Cherry Hills. Whitman's co-worker, **Officer Paul Shattuck**, was commended for his quick thinking and decisive action in March when he realized a driver's brakes had failed as she was heading west on Hampden just west of Downing St. He managed to ease his car in front of her vehicle and brought her car to a safe stop.

## FROM PUBLIC WORKS

### CHV CLEAN-UP WEEK

The Cherry Hills Village Public Works Department will be providing a dumpster for residents to use for clean up. The trash dumpster will be located east of the Village maintenance shop at the Village Center. Residents are encouraged to take advantage of this opportunity to dispose of rubbish not included with normal curbside service. The dumpster will be at the Village Center from **Saturday, June 10 - Sunday June 18**. Please note, however, the City will be **UNABLE** to accept the following items for disposal: computers, tires, appliances, oil, antifreeze, fuels, any hazardous materials, paints and thinners. Please place all items IN the dumpster; if the dumpster is full, please return later when the dumpster has been emptied. PLEASE DO NOT PLACE ITEMS NEXT TO THE DUMPSTER.

### HELP WANTED

The CHV Public Works Department is accepting applications for Seasonal Maintenance/Parks Worker. The position pays \$11.00 per hour. Responsibilities include operating light equipment and power tools in the maintenance of City properties, rights-of-way, streets, facilities, and a variety of other duties in the Public Works Department. Applicants must be at least 18 years of age and possess a current Colorado Driver's License. Start date can be flexible to accommodate school schedules. Application submittal is required. Applications are available at [www.cherryhillsvillage.com](http://www.cherryhillsvillage.com) or at the Village Center. Applications will be accepted until positions are filled. For more information, contact Jay Goldie at **303-783-2704**.

## DAHLIA STREET IMPROVEMENTS

At the April 18th Council meeting, Council approved the expenditure of funds for a traffic calming study, plus design and project implementation on south Dahlia Street between E. Oxford and E. Mansfield Avenue. Residents of the area have been plagued with cut through traffic and drivers who do not obey the speed limit in their residential neighborhood for years. The amount allocated initially is \$3,510.00; a total cost estimate of the project is \$79,155.00. Citizens of that neighborhood will be invited to speak to the engineers when those engineers who consult with the City. **MORE DETAILS TO FOLLOW.**

# FROM ANIMAL CONTROL

**WILDLIFE:** This is the time of year again that the coyotes are having their young. They will be seen more during daylight hours than usual. Please keep all small pets confined to enclosed areas when they are not with you. Keep attractants such as dog or cat food, trash, ground covering shrubbery, tall grass, etc., away from our property. Always keep your dog a leash. The larger dogs that have been attacked by coyotes are usually a result of the dog being allowed to run off-leash and being too close to coyote dens; the coyotes attacked to protect their young.

Never attempt to feed wildlife of any kind. Wildlife has its own food chain and when humans interfere with that chain, it causes problems. Humans can get bitten by wildlife that have become accustomed to being fed; the animals will also start relying on the free food and stop foraging for the wild food that is better for them. Human food can cause health problems and chemical imbalances in wildlife; also, wildlife may carry diseases that can be transferred to humans.

Also occurring right now are baby birds being found on the ground.. DO NOT take these birds into your home unless they have been severely injured. Most of the time the mothers are close by and are trying to teach their young to fly. If you know where the nest is, it is okay to gently pick up the birds and put them back in the nest (humans will not "contaminate" the bird if they do this). More than likely, the babies will be back on the ground in a matter of hours.

**DOG LICENSE REMINDER:** All dogs residing within the City limits of Cherry Hills Village are required to be licensed with the City. Current rabies vaccination information needs to be *brought in* to the Police Department at 2450 E. Quincy Ave., along with ten dollars. Licenses expire each year on the first day of March.

**LEASH LAW:** All dogs off of their own property need to be leashed at all times; this includes being leashed in **ALL** of CHV's Parks & Trails.

**PETS IN VEHICLES:** This is the time of year when the temperature changes from day to day, but please be aware that the temperature inside of a parked car (even with the windows down) can be at least twenty degrees hotter than the outside temperature. To cool themselves, dogs can only pant; inside a hot vehicle panting can create even more heat. If you have any questions about heat stroke in animals please can Animal Control.

CHV has an ordinance prohibiting dogs from being in the back of an open truck bed if the dog is able to jump from the truck.

**BARKING DOGS:** The City is starting to get more complaints regarding barking dogs. Most of these complaints are due to dogs that go in and out through dog doors and can come and go as they please at all hours of the day and night. Dog owners may be cited for a continuous barking problem. Please be respectful of your neighbors.

*Please call Animal Control at 303-783-2739 if you have any questions or visit the City's website [www.cherryhillsvillage.com](http://www.cherryhillsvillage.com) to look at the ordinances.*

## CODE ENFORCEMENT

Hooray! Spring is here! Unfortunately, with all the beautiful flowers, the green grass, and the budding trees come the WEEDS! Just a reminder - the Code Enforcement Officer does send out notices for weeds that are over ten inches in height. Other common complaints for Code enforcement are: uncovered trash, junk nuisances (which include piles of branches and left over construction materials to name a few), broken fences, trees and bushes growing in the right of way and/or obstructing traffic views at intersections, and dead or diseased trees.

If Villagers have landscaping crews at their property, please let them know that the City does not allow any dumping or storage of any landscaping materials (i.e. mulch, rocks, dirt, etc.,) on City streets or rights of way.

Residents with construction projects or remodeling going on should make sure that no roll-off dumpsters or port a lets are placed on any City street or in the right of way. Tracking material or pads need to be placed so that mud is not dragged out into the street. Villagers with construction related questions should call the building department at **303-783-2721**.

Also, *before beginning a project, make sure to have all the necessary permits!* Tickets may be given for any of the above violations to either the construction company or the property owner.

Villagers with Code Enforcement questions should call **303-783-2739**. Villagers with complaints regarding parking or speeding at construction sites should contact the Cherry Hills Police through Arapahoe County Dispatch at **303-795-4711**.

## CONSTRUCTION HOURS CHANGE

At the May 16th Council meeting, the Council approved on first reading a Bill to amend the Municipal Code regarding allowed construction times. The *previous* Code 18-10-10 outlines the following requirement for construction times in the Village:

- Construction hours during the weekdays, Monday through Friday, are permitted between the hours of 7am and 6pm.
- Construction hours on the weekends, Saturday and Sunday, and holidays, are permitted between 8am and 4pm.

The *proposed* bill would amend the code to **prohibit exterior construction altogether on Sundays and federal legal holidays**; also, construction delivery trucks may not park and leave their engines running between 6pm and 8am on any day. The Council will review this proposed bill on 2nd reading at the June 6th Council meeting. Should the bill be approved on 2nd reading, it would go into effect approximately 2 weeks later due to publication requirements.

## CHERRY HILLS EQUESTRIAN ASSOCIATION - "CHEA" - FORMS

Interested horse people are invited to join the newly formed Cherry Hills Equestrian Association (CHEA). Members are enthusiastic equestrians who board, ride, train, and provide care for horses in Cherry Hills Village. They characterize themselves as a "free spirited group with a passion for horses and the wonderful trails, parks, arenas and open spaces that make CHV truly unique."

The group is currently compiling an Association Directory to be published in time for a summer kick-off party. To date, there are over 50 members. Anyone who is interested in joining may contact one of the following Founders before the end of June:

**Danielle Heller** at [Danni@Hellers.com](mailto:Danni@Hellers.com)  
**Suzie Halle** at [rhalley@viawest.net](mailto:rhalley@viawest.net)  
**Maureen Sabo** at [pony57053@aol.com](mailto:pony57053@aol.com)

## COUNCIL APPROVES USE OF GIFT FUNDS FOR MEADE PARK EQUESTRIAN EQUIPMENT

The horse jumps at Meade Park which had been provided by a resident were recently removed from the arena. The City received several requests to provide some equipment for use in the riding arena.

Staff and local equestrians worked together to find the much needed jumps, gates, walls, and cones at a reasonable price. The package total came to approximately \$3,600.00. Funds were found in "The Gift Fund Donation Escrow Account" which contains about \$4,445.00 earmarked for "trails and furniture."

The gift fund was established in 1986 at the encouragement of former Councilmember **Viola Lahana**. At the time, the Council felt that many residents would be interested and willing to contribute to their City if they knew what was needed, where it was needed, and how they could help. The gift fund allows citizens to make donations to CHV and to specify a project for the funds to go to.

## ARAPAHOE COUNTY DEBUTS E-PAYMENT SYSTEM

As of May 1st, the Arapahoe County Clerk & Recorder's office now offers a new online service to Arapahoe County residents: residents will be able to purchase official documents using credit cards; they will be able to view documents, print copies and order certified copies at their convenience. Recorded Deeds of Trust, Marriage Licenses, Warranty Deeds, Power of Attorney and Death Certificates are just a few of the documents that can now be viewed and purchased from home. By visiting [www.co.arapahoe.co.us/Apps/LegalDocuments/default.aspx](http://www.co.arapahoe.co.us/Apps/LegalDocuments/default.aspx) a person may search by name, date, reception number, subdivision, or document type. There is no fee to print an unofficial copy. Anyone wishing to print a non-certified copy will be charged \$1.25 per page. Copies of Marriage Licenses are \$2 per page and Plats (maps) are \$5 per page. In order for a document to be certified, an additional \$1 will be accessed.

All purchases of County records using this web site are processed only by the use of credit cards and the customer will pay a \$2 convenience fee for each transaction. Credit card transactions are processed through a third-party payment processor and a bank. Credit information will not be stored or saved by the County.

## SCHOOL HOURS TO CHANGE IN FALL

On Tuesday, April 25th, Councilmember LaMair met with CHVE Principal, Trina Rich, and three members of the CHV police department to discuss the change in CHVE school hours and the impact it will have on traffic and safety in and around Cherry Hills Village Elementary School. The change in hours has been mandated by the Cherry Creek School Board and is scheduled to occur in the fall of 2006.

Cherry Hill Village Elementary School  
Current Hours: 9:05am to 3:35pm  
Change Hours: **7:50am to 2:30pm**

Kent Denver School  
Current Hours  
(except Wed): 8am to 2:30pm  
Wednesday: 9am to 3:30pm

Seven buses now provide transportation for CHVE elementary students - some 250 students are not using the buses and many parents drop off and pick up their children. This has created traffic and safety concerns; currently the CHV police direct traffic at the end of the school day. The school and the City have split the cost of this service.

Principal Rich is sending letters to parents encouraging them to use the bus service and informing parents that she will open the school at 7:40am to accommodate early arrivals. The City Hall complex will also be designated as a drop off point for students.

It is anticipated that the new hours will create congestions for commuters from 7:45am to 8:30am, and again at 2:30 when both Kent and CHVE let out for the day.

# **DOLPHIN DASH & COMMUNITY FAIR**

## **BEAUTIFUL DAY - FUN FOR ALL**

## ADVERTISEMENTS

*PLIER advertisements are provided as a service to Village residents, but contributions from CHV resident advertisers are welcome. Advertisers living outside the Village are charged a small fee. Ads should be limited to 40 words and must be renewed from issue to issue. Publication does not imply endorsement. To inquire about placing an ad call Martha Welborn, editor, at 303-773-6115 or mail ad to The Crier, 2450 East Quincy Ave., Cherry Hills Village, CO 80113*

## FOR SALE

**ANTIQUE MEXICAN WAGON WHEEL CHANDELIER** - 150 years old. Electrified. 13 different light bulbs and Chimneys; 52" Diameter. Best Offer. **303-771-1064**.
