3. Procedure to Implement Open Space Preservation Program

COUNCIL RESOLUTION NO. 4
SERIES OF 1982

INTRODUCED BY THEODORE B. WASHBURNE
SECONDED BY JOHN F. WELBORN

A RESOLUTION SETTING FORTH A
PROCEDURE TO IMPLEMENT AN
OPEN SPACE PRESERVATION PROGRAM
IN CHERRY HILLS VILLAGE

WHEREAS, the City Council believes that the open land located throughout the Village provides a major part of the rural character of the Village; and

WHEREAS, the City Council desires to retain this open space and preserve it in its natural state; and

WHEREAS, a task force headed by Councilman Theodore Washburne has prepared a set of recommendations for City Council consideration that, when implemented, would begin the process of preserving this open, natural land; and

WHEREAS, the City Council desires to implement this open space preservation program.

NOW, THEREFORE, BE IT RESOLVED BY THE CITY COUNCIL OF THE CITY OF CHERRY HILLS VILLAGE, THAT:

Section 1. Open Space Definition, Goals and Mapping. The staff is hereby directed to prepare a proposed definition of the term open space and the goals of the open space preservation program along with a City map with appropriate overlays indicating the following elements of the open space program:

1) designated flood plains, 2) Village Trail System, 3) existing open space areas, 5) prime development parcels and 6) City owned property.

Section 2. Preservation Implementation Program. The following land preservation methods shall be investigated individually as set forth below and acted upon separately by the City Council.

a) Develop a policy for the Land Dedication Regulations which calls for the City to accept cash when the property being developed has no relationship to the open space lands set forth on the Map in Section 1 and to accept land when the property being developed does have such a relationship. (City Manager)

b) Revision of the Subdivision Regulations to provide that cash in lieu of land dedication be based on the developed value of the land rather than the value of the raw land. (City Attorney)

c) Develop a policy that would provide for the use of monies in the Land Dedication Fund. This policy should set forth the primary use of these monies for the completion of the Bicycle Trail System and a secondary

AAJ159

use for the purchase of land or development rights on land adjacent to desired open space areas. (City Manager)

d) Establish a nature conservancy agency that could hold land or development rights perpetually for open space and provide donors with appropriate tax advantages. (City Attorney)

e) Develop a program whereby the Land Dedication requirements of the Subdivision Regulations can be reduced in exchange for a developer voluntarily lowering the housing density on a given parcel of land.

f) Refine the policy relating to flood plain lands and their acceptance under the terms of the Land Dedication requirements. Generally, flood plain land should not be acceptable for Land Dedication requirements. (City Attorney)

g) Revise the Flood Plain Regulations to not permit amendments that channelize or narrow the existing flood plains. (City Attorney)

Section 3. Moratorium on Subdivision Plats. No plats creating new lots in the Village shall be approved on final action until each of the items listed in Sections 1 and 2 above have been accepted or acted upon by the City Council. It is anticipated that all items can be completed within ninety (90) days from the date of this Resolution.

COUNCIL BILL 10 - 82 AN ORDINANCE AMENDING THE 100 YEAR FLOOD PLAIN BOUNDARIES, AS AMENDED, AND AMENDING THE CITY ZONING MAP WITH RESPECT TO THE FLOOD PLAIN BOUNDARIES IN THE FAIRLEA FARMS SUBDIVISION

Mr. Robert Amter, owner and developer stated that they have completed the grading in the 100 year Flood Plain. They still have some grading and replacing of the top soil on the building sites and they can't put in the underground utilities until the plat is filed.

Mr. Coward stated that normally the City does not approve the ordinance amending the Flood Plain until all of the overlot grading is complete. In this case however, the applicant is putting in underground utilities. The Denver Water Board will not grant them permission to put in those utilities until the plat is filed. The City normally will not file the plat until the underground utilities are installed. Thus a dilemma exists. He therefore recommends that since the Flood Plain is in fact complete that the Ordinance be adopted.

Upon motion by Roy Watts, seconded by Ann Polumbus, Council Bill 10, Series of 1982 entitled "AN ORDINANCE AMENDING THE 100 YEAR FLOOD PLAIN BOUNDARIES, AS AMENDED, AND AMENDING THE CITY ZONING MAP WITH RESPECT TO THE FLOOD PLAIN BOUNDARIES IN THE FAIRLEA FARMS SUBDIVISION was approved on first reading by a 5-0 vote. starts. Mr. Coward advised that they could.

Mr. Watts asked that the policy statement be amended to include the first paragraph of the report. Mr. Egan concurred with this request.

Ms. Chambers asked if Chief Wood had changed his position on the use of special enforcement of traffic laws. Mr. Coward responded by saying that in general he had, although he still had concerns about manpower availability and the exclusive use of a police officer for traffic enforcement. Special enforcement should be directed at a variety of problems including speeding, burglary, drunk drivers etc.

Mrs. Polumbus pointed out that a severe traffic congestion problem could occur at the Quincy and Colorado Blvd. intersection related to traffic leaving and entering Kent-Denver Country Day School. She questioned the removal of the Colorado turn lane at Quincy for this reason. Mayor St. Clair and Councilman Egan explained that greater delays would be experienced but that is was the trade off for the desired result of less regional traffic using Village streets.

Viola Lahana of the Planning and Zoning Commission asked if the Chief of Police was the traffic engineer for the City and whether he was involved with this plan.

Mayor St. Clair said that he was not directly involved in the preparation of the plan.

Mr. Coward stated that the Chief of Police has been involved in general traffic planning and that he is designated as the traffic engineer by virtue of the model traffic code. He has been involved in the input to the Council through the City Manager's office.

Mrs. Lahana stated that at the last Council meeting Mr. Egan had said that we should partake of the experience and knowledge of the police and fire chief.

Mr. Coward stated that Mr. Wood had seen a copy of the traffic plan that was generated two weeks ago and had input on that plan. This is a derivation of that. Mr. Coward stated that the police chief is not in favor of closing streets but is in favor of the kinds of things that we are suggesting here.

Theodore Washburne made a motion, seconded by Roy Watts that the proposed Cherry Hills Village Policy, as amended, be adopted and the City Manager directed to implement the recommended street and traffic adjustments as described therein. The vote to approve this motion was unanimous by a 5-0 vote.

PROPOSED RESORT HOTEL

Mayor St. Clair stated that Council had been advised by the City Attorney to defer discussion on this matter until September 7, 1982 per an earlier agreement of all interested parties.

1982 MINOR CONCRETE PROJECTS

Mr. Coward stated that only two bids had been received and that he is recommending the low bid of Ken Williams Concrete in an amount not to exceed \$2,037.00. Upon motion by Donald Egan, seconded by Roy Watts, Council voted unanimously that the 1982 Minor Concrete Projects be awarded to Ken Williams Concrete in an amount not to exceed \$2,037 payable from the Public Improvement Fund. The vote to approve the motion was unanimous by a 5-0 vote.

RECORD OF PROCEEDINGS

FORM NO. C P PREC 100 0 1 01

Mayor St. Clair asked Mrs. Polumbus and Ms. Chambers to work as the Open House Committee.

VILLAGE CRIER ORGANIZATION

Joan Duncan, Crier Editor, reviewed with Council a Memo of July 15 regarding the reorganization of the Village Crier. The reorganization would involve:

1. Incorporating the Village Crier as a non-profit organization.
2. Establishing a 3 member Board of Directors.
3. Hiring a parttime paid Editor.
4. Establishing a set of By-laws.
5. The City would agree to contribute \$3600 per year to the Crier with the idea of offsetting the Editor's salary.

Ms. Chambers suggested the terms of the Board of Directors be staggered and a term of longer than 1 year. She also stated the By-laws need to be in a tighter form and Policy should be reviewed by the City Council.

Upon motion by Ann Polumbus, seconded by Merle Chambers, Council unanimously resolved the Village Crier be reorganized and a Board of Directors consisting of Mayor St. Clair, Mrs. Joan Duncan and Mrs. Debbie Julander be appointed for a one year term; the By-laws to be reviewed; and \$3600 per year be contributed by the City to the Village Crier; and be it further resolved that \$1800 be transferred from the General Fund Contingency Fund to Administration Account No. 411.63 for disbursement as a contribution to the Village Crier at the rate of \$300 per month for the year 1983.

Mr. Washburne thanked Mrs. Duncan for her contribution to the City with a fine, dedicated and professional job and that the City is very much in her debt.

CITY MANAGER'S REPORT

Mr. Coward handed out a copy of a letter to Council from Jerry Dunn, President of the Charlou at Cherry Hills Homeowners Association which requests a change in the wall along Quincy Avenue in front of Chaumont in Cherry Hills Subdivision. The plan has been reviewed by Mayor St. Clair, Councilwoman Polumbus, Mr. Coward and Grant Goodson. The plan for the fence was graphically presented and the new plan shows a combination of 49 percent brick and 51 percent wrought iron interspersed along the bicycle path. This plan allows sufficient light to break up the ice in the winter.

A request is being made by the Charlou Homeowners Association to change the original Subdivision Agreement for Chaumont in Cherry Hills which requires brick posts and 20 feet of wrought iron in between.

Upon motion by George Anderman, seconded by Roy Watts, Council unanimously resolved the plan for fencing along Quincy Avenue in Chaumont in Cherry Hills Subdivision as presented to Council be approved and that the Chaumont in Cherry Hills Subdivision Agreement be amended to reflect the change in the plan.

Jerry Dunn stated the Charlou Homeowners Association has taken on the responsibility of the building the wall, relieving Mr. Barton of that responsibility. Mr. Barton has contributed \$35,000 towards the cost of the wall.

SPECIAL COUNSEL FOR RIEVER-BOARD OF ADJUSTMENT LAWSUIT

Mr. Coward stated Special Counsel must be appointed to handle the lawsuit brought against the Board of Adjustment by Alan Riever. The law firm of Davis, Graham and Stubbs represent Mr. Riever and this presents a conflict of interest with Mr. Morris as City Attorney. Research has been done on attorneys who can represent the City and Mr. Coward recommended that Mr. Douglas McKinnon be retained as Special Counsel to defend this case.

Upon motion by Donald Egan, seconded by George Anderman, Council unanimously resolved Douglas G. McKinnon be and is hereby retained as Special Counsel to

Applications for Seats on the Planning Commission and Board of Adjustment

Councilmembers Steiert and Love felt that they did not need to interview Mr. Decker for re-appointment.

City Council Policy Statement on Election Issues and Public Comment at City Council Meetings (Adopted June 3, 2008)

The City Council of the City of Cherry Hills Village, Colorado adopts this policy to clarify for the public the scope of comments that may be made at City Council meetings regarding candidates for public office and ballot issues that have been placed before the electorate. The City Council provide a place on its regular agendas for public comment, at which time individuals may address the Council about issues of concern that are not otherwise on the regularly scheduled Council meeting agenda. City Council limits the time for these comments to five minutes per speaker, in order to reasonably manage the flow of scheduled items on the City Council's agenda. With response to election issues, the Council recognizes that state law (particularly, the Fair Campaign Practices Act, C.R.S. 1-45-101, *et seq.*) prohibits the use of government resources to promote candidates for public office or positions regarding issues that have been placed before the electorate. Without some limitation on electioneering during the public comment at City Council meetings, there exists the possibility that this portion of the City Council agenda could be used by candidates, and supporters or opponents of candidates or ballot issues for electioneering purposes that would be contrary to the restrictions of C.R.S. 1-45-117(1)(a)(I). At the same time, City Council recognizes that the public comment portion of a Council meeting may be used to introduce citizens to candidates and ballot issues, and can provide an opportunity to inform citizens where they might learn more about candidates and issues, without allowing City facilities and in particular, City Council meetings, to be used as a forum to promote or oppose a particular candidate or issue. This policy is intended to strike a balance, and permit dissemination of political information to the public, consistent with state law.

Candidates for public office, representatives of candidates for public office, and/or proponents or opponents of issues that have been placed before the electorate may speak during public comment for the purpose of introducing themselves, their candidates or their issue to the public, and providing information such as addresses, telephone numbers and websites, where citizens can obtain more specific information. No speaker during the public comment portion of a City Council meeting may advocate for or against any candidate or ballot issue. In addition, City Council meeting shall not be used by any person to engage in any other kind of election advocacy, including but not necessarily limited to, displaying signs or clothing with messages that advocate for a particular candidate or position.

Nothing contained in this policy shall restrict or prohibit the City Council from expressing its official position on an issue before the electorate, responding to questions regarding issues, or otherwise acting in any manner specifically authorized by C.R.S. 1-45-117, as amended.
