**Q1 CC Goal #1: Preserve the pastoral, safe, serene, and open character of the Village through regulations on private property. Please choose the Action Item (below) that you consider the most important to pursue.**

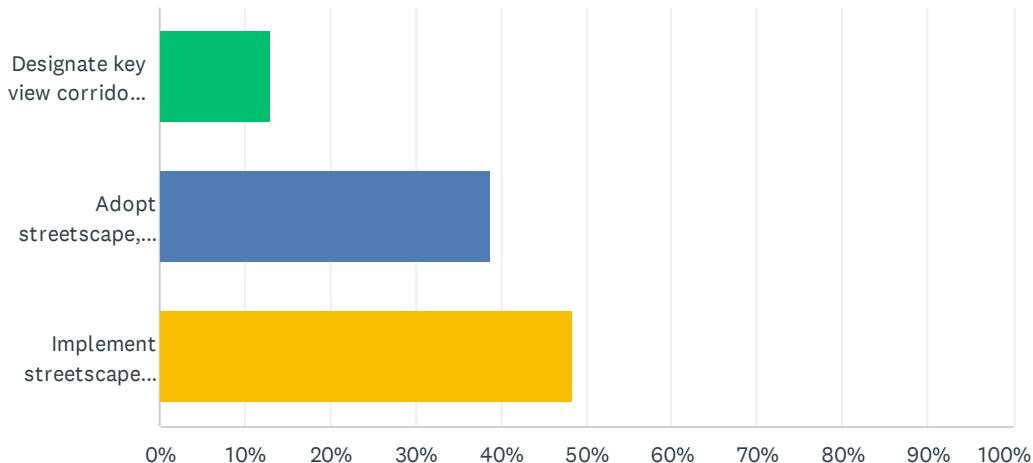

Answered: 32 Skipped: 4

ANSWER CHOICES	RESPONSES	
Continue to enforce the existing tree preservation ordinance for private properties.	21.88%	7
Update City standards related to streetlights and/or outdoor lighting on private property that preserves dark skies while increasing safety.	9.38%	3
Update existing regulations that limit the size of new homes in the Village relative to the size of the lot (FAR requirements, and the square footage of building footprints as a percentage of land area).	12.50%	4
Update zoning and building codes as necessary to preserve the pastoral, safe, serene, and open character of the Village while balancing private property rights.	56.25%	18
<b>TOTAL</b>		32

**Q2 CC Goal #2: Preserve the pastoral safe, serene, and open character of the Village through the design and maintenance of streetscapes, public lands, and public facilities. Please choose the Action Item (below) that you consider the most important to pursue.**

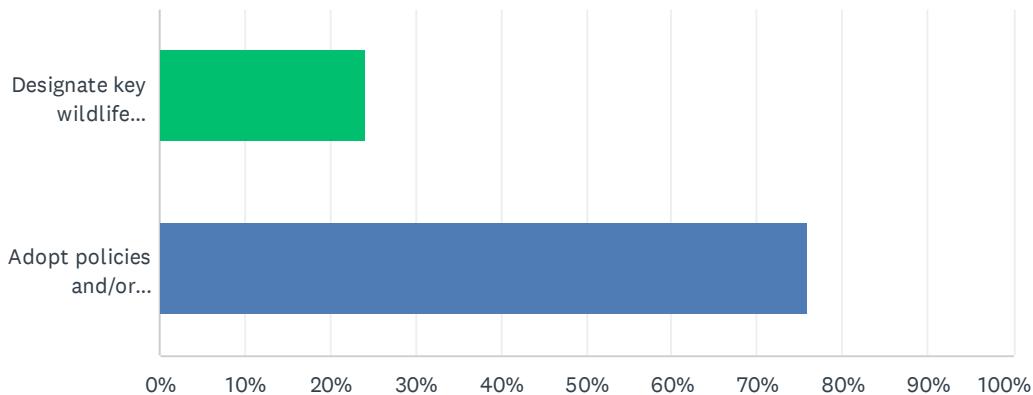

Answered: 31    Skipped: 5

ANSWER CHOICES	RESPONSES
Designate key view corridors in the Village as the basis for streetscape, park, and trail design and enhancements.	12.90%    4
Adopt streetscape, park, and trail designs that preserve key views of the mountains from local streets, parks, and trails in the Village.	38.71%    12
Implement streetscape designs that incorporate natural landscapes to separate equestrian, pedestrian, and bicycle facilities from travel lanes.	48.39%    15
<b>TOTAL</b>	<b>31</b>

**Q3 CC Goal #3: Preserve key wildlife corridors and habitat In the Village and design trails and plantings to promote the viability of these corridors and of wildlife habitat. Please choose the Action Item (below) that you consider the most Important to pursue.**

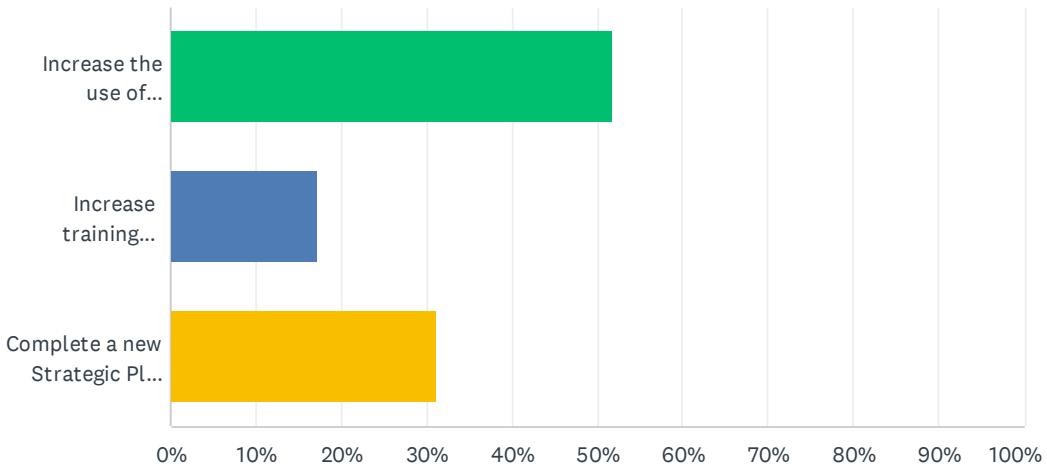

Answered: 29    Skipped: 7

ANSWER CHOICES	RESPONSES	
Designate key wildlife corridors in the Village.	24.14%	7
Adopt policies and/or regulations to facilitate the continuation of key wildlife corridors, the enhancement of wildlife habitat, and effective wildlife management.	75.86%	22
TOTAL		29

**Q4 CC Goal #4: Preserve and protect the community's character through programs and strategies that maintain and increase public safety. Please choose the Action Item (below) that you consider the most Important to pursue.**

Answered: 29      Skipped: 7

ANSWER CHOICES	RESPONSES	
Increase the use of technologies to enhance public safety in the Village.	51.72%	15
Increase training opportunities for City staff designed to help provide for public safety in the Village.	17.24%	5
Complete a new Strategic Plan to guide the Police Department's operations moving forward.	31.03%	9
<b>TOTAL</b>	<b>29</b>	

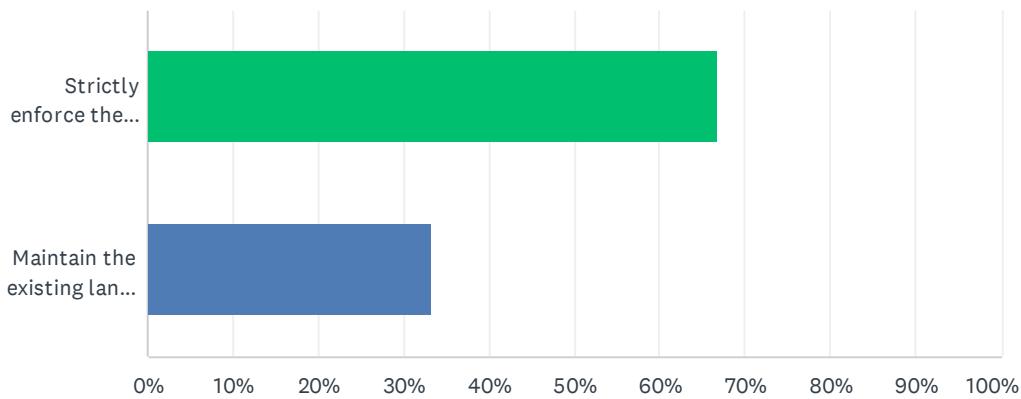

## Q5 What other comments do you have (overall) concerning the topic of Community Character?

Answered: 14    Skipped: 22

#	RESPONSES	DATE
1	Keep homeless out of CHV open space. Consider banning bicycles on the Highline canal trail unless unless speeds are reduced. Its like the Tour de France out there now that the tunnel has opened to Denver	10/24/2022 9:37 AM
2	I have lost 3 cats to coyotes, lets not endanger our pets with wildlife that hunts and eats them.	10/24/2022 8:46 AM
3	It's bothersome that public safety is #4 on the city priority list. No wonder houses and cars are being broken into.	10/21/2022 10:03 AM
4	if no answer, NONE OF THE ABOVE!	10/17/2022 12:43 PM
5	Option 3 under question 1 (Update existing regulations .....land area) should be removed from the Master Plan. This is not supported by the community input. You never asked the residents if this was something they supported. Because this item is not supportable it looks like this is based on some people's personal bias, which has no place in the Master Plan.	10/15/2022 12:13 PM
6	Please do not become so restrictive regarding tree and home ordinances that personal freedom and property rights are infringed upon. Zoning is available to determine home sizes (set backs, height requirements). The current CHV rules regarding trees, berms and fences are far to restrictive. Do not let the Master Plan become a restrictive HOA document for all of CHV!	10/14/2022 12:09 PM
7	ordinances and code are only effective IF ENFORCED. Safety is #1 reason for living here.	10/13/2022 9:55 AM
8	I believe we need full cell coverage for safety reasons throughout CHV. I also support limiting (within reason), the size of new homes relative to their lot size.	10/12/2022 11:41 AM
9	Why is there no "none of the above" on these questions ? We would like the city to continue as is with NO NEW "adoptions," "designations," updates, or "implementations. This is a pastoral setting already and everything proposed in this "survey" does not add value to our lives as tax payers and citizens of CHV - This "survey" makes me realize I should get involved to curb unneeded government interference in our wonderful village	10/11/2022 10:34 AM
10	our character of "pastoral, safe, and serene" has been upended by the opening of the underground tunnel from Den to CHV creating a torrent of noise from electric bikes and various vehicles behind our homes on the canal (at all hours). The no e-bike signs are so small that no one knows it's a thing. Wish it were more enforced (fine on a sign?) or wish there were even signs. Safety as well has obviously been compromised with the tunnel.	10/10/2022 7:38 PM
11	Would like to see the utilities undergrounded with a long term bond issue.	10/10/2022 4:43 PM
12	Please address cut through traffic, enforce existing regulations and cut the speed limit to 25MPH	10/10/2022 3:59 PM
13	I would support closing Parkway Drive at Hampden Ave, if that is possible.	10/8/2022 11:55 AM
14	Better cell phone coverage please!	10/7/2022 2:24 PM

**Q6 LU Goal #1: Maintain the existing land use and development pattern in the Village as primarily single-family detached residential Please choose the Action Item (below) that you consider the most important to pursue.**

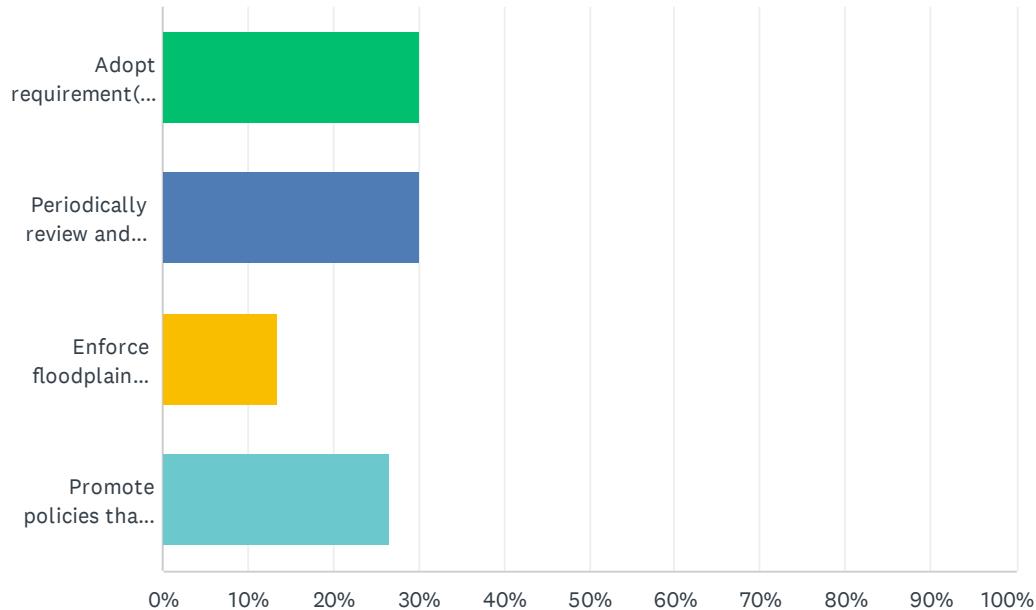

Answered: 30      Skipped: 6

ANSWER CHOICES	RESPONSES
Strictly enforce the Municipal Code and the existing zoning of properties in the Village.	66.67% 20
Maintain the existing land uses on properties owned by private clubs, public and private schools, and institutions within the Village.	33.33% 10
<b>TOTAL</b>	<b>30</b>

## Q7 LU Goal #2: Protect floodplain areas within the Village. Please choose the Action Item (below) that you consider the most important to pursue.

Answered: 30    Skipped: 6

ANSWER CHOICES	RESPONSES
Adopt requirement(s) that the subdivision of land may not create new parcels entirely located in floodplain areas or new parcels that require floodplain variances for compliance with site design requirements.	30.00% 9
Periodically review and amend floodplain regulations for consistency with state and federal requirements.	30.00% 9
Enforce floodplain regulations.	13.33% 4
Promote policies that provide for open space preservation.	26.67% 8
<b>TOTAL</b>	<b>30</b>

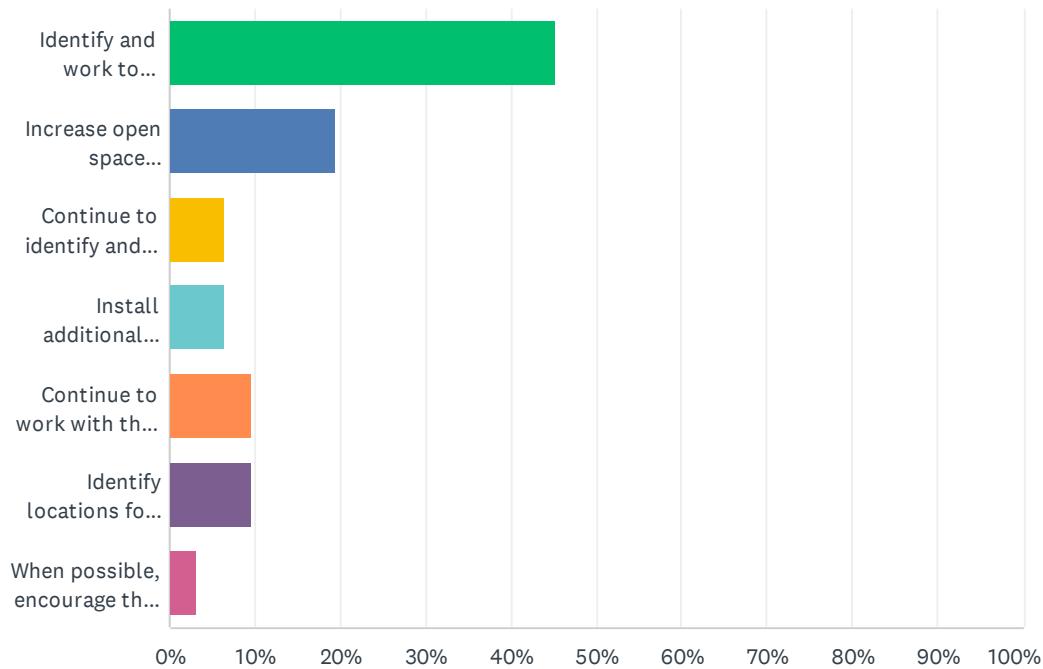

## Q8 What other comments do you have (overall) concerning the topic of Land Use?

Answered: 4    Skipped: 32

#	RESPONSES	DATE
1	WE need some commercial zoning, such as allowing cafe's that we can walk to. This will increase our tax base.	10/24/2022 8:48 AM
2	NONE of the above - No government changes	10/17/2022 12:44 PM
3	This question #7 makes no sense. Protect floodplain areas from what? And what does this last choice ("promote policies....preservation") have to do with floodplains? This looks like the City is attempting to use its floodplain regulations as a tool to stop development on private property in order to create open space. Can you say "takings"???!?	10/15/2022 12:16 PM
4	Floodplains can be engineered to avoid problems- see the CHV Village Center!	10/14/2022 12:12 PM

**Q9 PTOS Goal #1: Maintain and improve the current system of Village owned parks, trails and open space. Please choose the Action Item (below) that you consider the most important to pursue.**

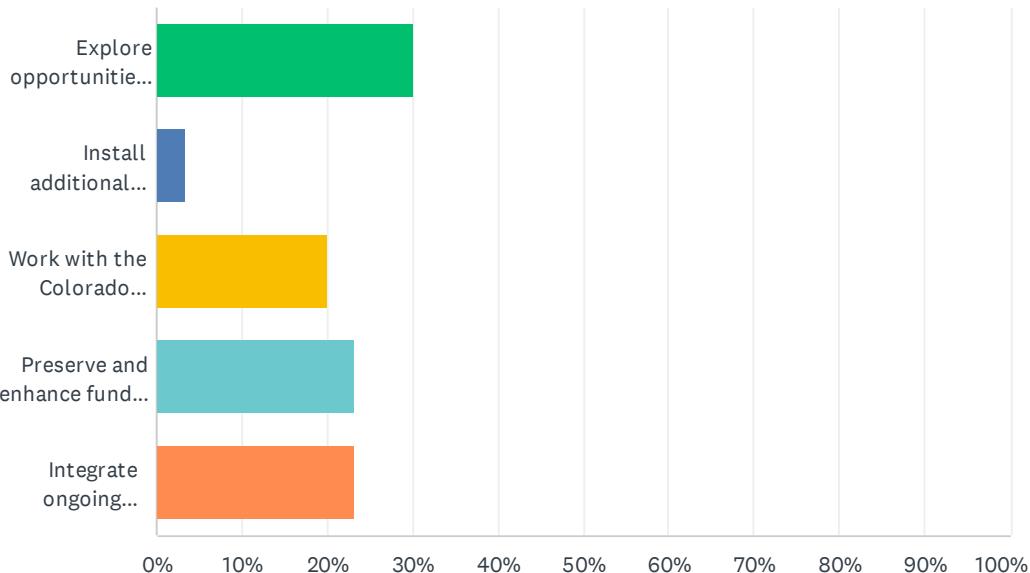

Answered: 31 Skipped: 5

ANSWER CHOICES	RESPONSES	
Identify and work to preserve natural areas that are important to Village residents.	45.16%	14
Increase open space preservation that may be initiated by private landowners.	19.35%	6
Continue to identify and obtain new funding sources for parks, trails, and open space in the Village Including public and private grant funds.	6.45%	2
Install additional amenities (shelters, drinking fountains, benches, playgrounds, etc.) in existing parks, based upon the interest of residents.	6.45%	2
Continue to work with the Parks, Trails, and Recreation Commission (PTRC) to hold special events and activities in Village parks and open space.	9.68%	3
Identify locations for and complete improvements for new parks and open spaces, given existing topography, view corridors, and access to nearby streets, school facilities, and other Village amenities.	9.68%	3
When possible, encourage the design of drainage facilities serving multiple properties that may also serve as open space areas.	3.23%	1
<b>TOTAL</b>	<b>31</b>	

**Q10 PTOS Goal #2: Preserve and enhance the system of trails and sidewalks, including conducting and maintaining an inventory of trails. Please choose the Action Item (below) that you consider the most important to pursue.**

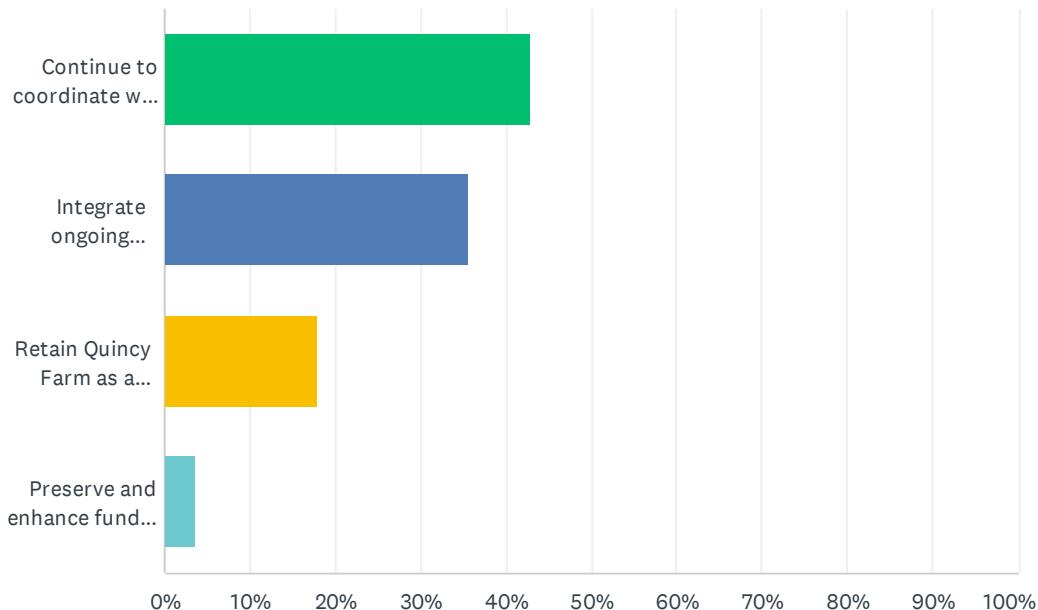

Answered: 30 Skipped: 6

ANSWER CHOICES	RESPONSES	
Explore opportunities for new trail connections and easements to enhance the existing trail system.	30.00%	9
Install additional trail markers, wayfinding, and signage regarding trail names as needed to provide sufficient awareness of the trail system in the Village.	3.33%	1
Work with the Colorado Department of Transportation (CDOT) and adjacent jurisdictions to improve pedestrian and bike path amenities and crossings along state-controlled roadways.	20.00%	6
Preserve and enhance funding sources for trails owned by the Village.	23.33%	7
Integrate ongoing planning and design for the High Line Canal into the Village's plans and operations for trails.	23.33%	7
<b>TOTAL</b>		<b>30</b>

**Q11 Question 11 - PTOS Goal #3: Preserve Quincy Farm for the current and future enjoyment and education of residents. Please choose the Action Item (below) that you consider the most important to pursue.**

Answered: 28    Skipped: 8

ANSWER CHOICES	RESPONSES
Continue to coordinate with the Cherry Hills Land Preserve to activate Quincy Farm and provide opportunities for people to use and enjoy the Quincy Farm facilities.	42.86% 12
Integrate ongoing planning and design for Quincy Farm into the Village's plans and operations for parks and open space.	35.71% 10
Retain Quincy Farm as a City-owned asset.	17.86% 5
Preserve and enhance funding sources for Quincy Farm.	3.57% 1
<b>TOTAL</b>	<b>28</b>

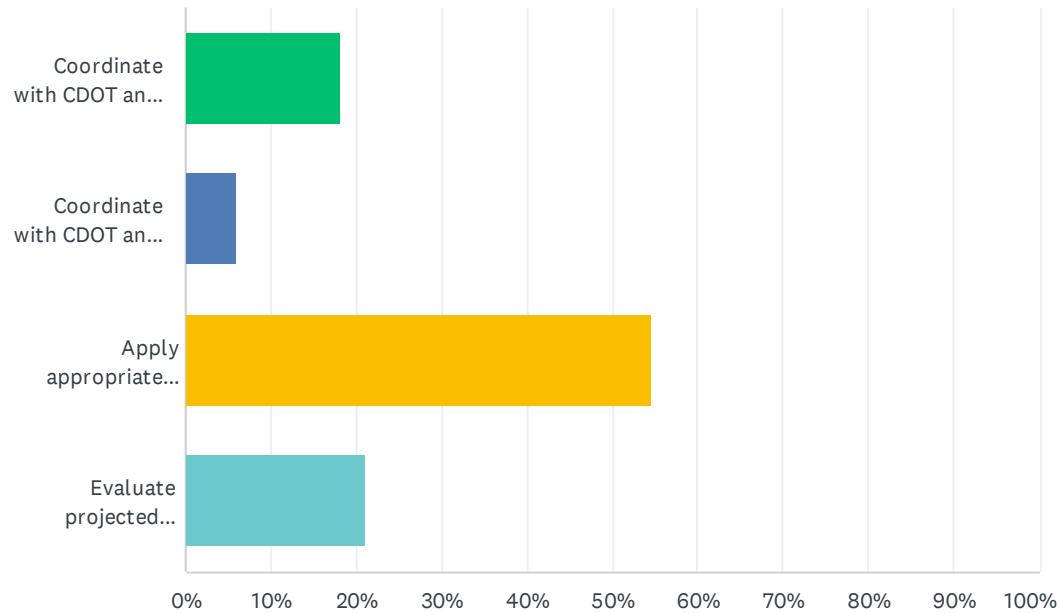

## Q12 What other comments do you have (overall) concerning the topic of Parks, Trails, and Open Space?

Answered: 10 Skipped: 26

#	RESPONSES	DATE
1	I don't like the wording of a lot of these questions. For instance, re question 11 I would simply like Quincy farm to be a private residence again. I certainly don't want to have taxpayer money spent to turn this into a visitor venue. I would like to have FEWER non residents anywhere in the village. Especially given the rampant and growing crime in the adjoining cities.	10/24/2022 9:50 AM
2	We need tunnels where trails cross busy streets like University. At the very least we need crosswalks with lights that stop traffic.	10/24/2022 8:51 AM
3	NONE of the ABOVE - !!!!!!!!	10/17/2022 12:45 PM
4	The 3rd item under question 11 ("Retain Quincy Farm....asset") does not belong in the Master Plan. It is not supported by any community input because regrettably you never asked. And what is the downside to taking it out? - Answer: nothing....the Master Plan is neutral on this issue....which is what it should be.	10/15/2022 12:21 PM
5	Bikes have spoiled the use of the Highline Canal. It is no longer a safe walking trail. Thus, bikes should not be allowed on any of the bridle paths in CHV- keep these for pedestrians and the diminishing number of horses in the Village. Do not provide amenities for the parks such as shelters, bathrooms and drinking fountains. The "playground" at Village Center is such a disappointment and is not a fun or interesting playground to use for young children. The playground at CHV Elementary is much better and does get used on the weekend, which is fine. Also, parking for the parks and trails should be very limited. It is best that these CHV facilities be used primarily by CHV residents, not the public.	10/14/2022 12:26 PM
6	I know there are many issues with Quincy Farm, and I also support integrating QF into the Village's open space -- but only if we can secure adequate ongoing funding to do so	10/12/2022 11:44 AM
7	WHERE IS "NONE OF THE ABOVE?" The signage inviting Highline Canal walkers and bikes to our CHV trails has almost ruined the experience of walking OUR trails. WHY WOULD WE DO MORE OF THIS?????????	10/11/2022 10:37 AM
8	Please do not let Quincy Farm become any kind of event / activity destination. It can be open to the public, but let it remain peaceful and simple as it is today. No crowds. No traffic. No excess noise	10/11/2022 10:18 AM
9	Keep Quincy Farms small and avoid more traffic	10/10/2022 4:02 PM
10	Attention to bike trail infrastructure to separate pedestrians and cars from cyclists.	10/10/2022 3:31 PM

**Q13 TSP Goal #1: Promote strategic Improvements that provide for safe and efficient movement for Village residents without materially increasing cut-through traffic. Please choose the Action Item (below) that you consider the most important to pursue.**

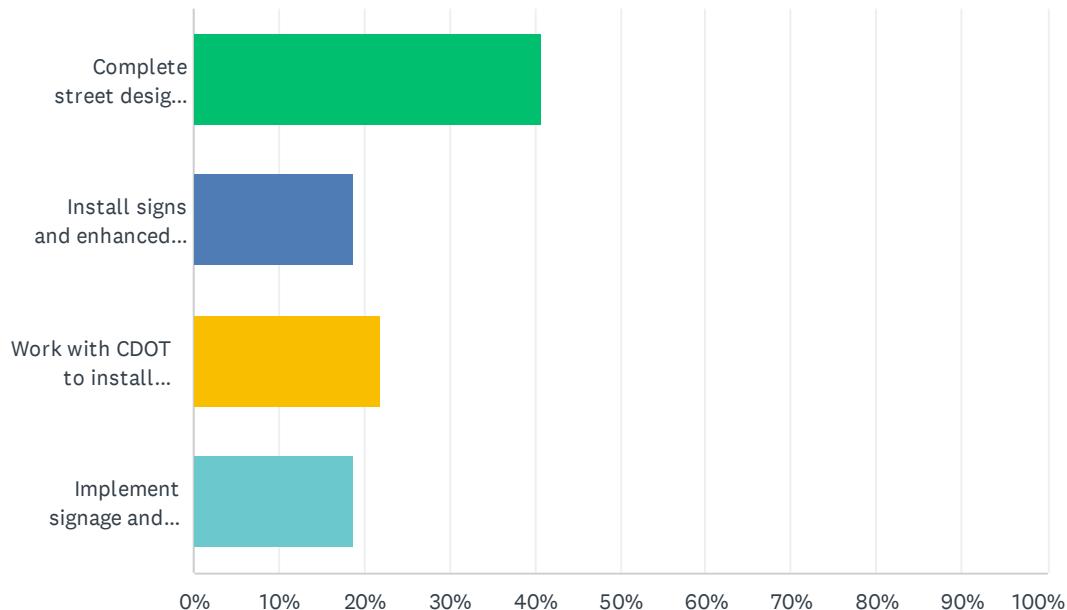

Answered: 33 Skipped: 3

ANSWER CHOICES	RESPONSES
Coordinate with CDOT and neighboring jurisdictions to optimize improvements for traffic along state routes within or adjacent to the Village.	18.18% 6
Coordinate with CDOT and neighboring jurisdictions to enhance, improve, and create non-vehicular improvements and connections along state routes within or adjacent to the Village.	6.06% 2
Apply appropriate traffic calming measures to address cut-through traffic and speeding issues that are identified on local and collector streets.	54.55% 18
Evaluate projected cut-through traffic as a metric when evaluating site plan submittals and proposals for public improvements.	21.21% 7
<b>TOTAL</b>	<b>33</b>

**Q14 TSP Goal #2: Pursue opportunities to improve safety and the experience of multimodal transportation in the Village. Please choose the Action Item (below) that you consider the most important to pursue.**

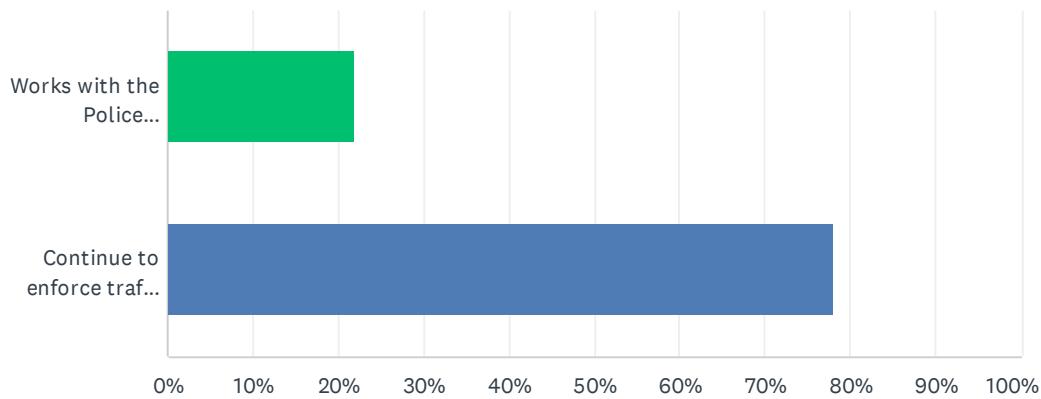

Answered: 32    Skipped: 4

ANSWER CHOICES	RESPONSES	
Complete street designs for Quincy, Dahlia, Holly, Clarkson, and Mansfield that modify pavement widths (as deemed appropriate) and incorporate the natural separation of biking and walking paths from vehicular travel lanes.	40.63%	13
Install signs and enhanced crosswalk markings (signals, paving, painting, etc.), at locations where trails cross streets.	18.75%	6
Work with CDOT to install improvements to increase safety for people biking and walking along and across state-managed routes in Cherry Hills Village.	21.88%	7
Implement signage and pavement markings, as needed, to better separate bicycle and pedestrian traffic on trails in the Village.	18.75%	6
<b>TOTAL</b>		32

**Q15 TSP Goal #3: Leverage the resources of the Police Department to provide for multimodal transportation safety in the Village. Please choose the Action Item (below) that you consider the most important to pursue.**

Answered: 32    Skipped: 4

ANSWER CHOICES	RESPONSES
Works with the Police Department to develop an educational campaign regarding bicycle safety and good bicycling habits.	21.88% 7
Continue to enforce traffic laws in the Village and along the highway routes that pass along or through the Village.	78.13% 25
<b>TOTAL</b>	<b>32</b>

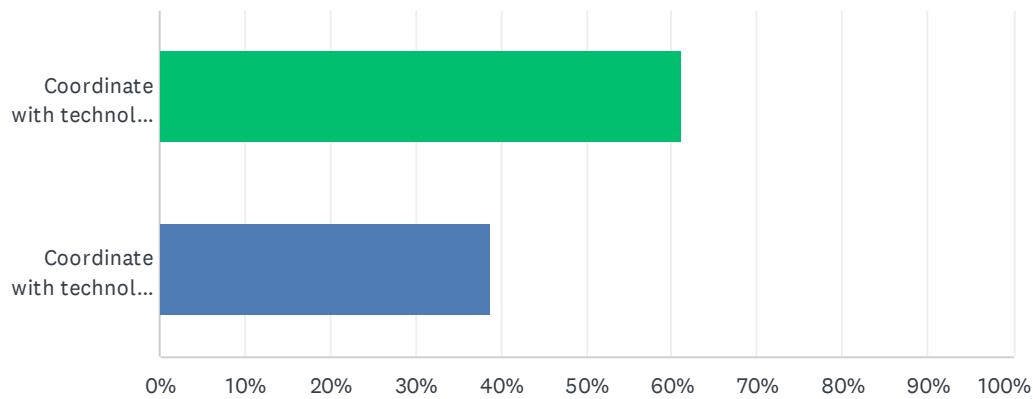

## Q16 What other comments do you have (overall) concerning the topic of Transportation?

Answered: 11    Skipped: 25

#	RESPONSES	DATE
1	put in turn lanes by the schools on University/Quincy and near Kent so it doesn't take 20 minutes to pass a school zone.	10/25/2022 5:17 PM
2	I'd like to see all the Lycra wearing cyclists using the streets to train on since their speeds more closely align with motorized vehicles. People shouldn't be going more than 10-12 mph on dirt paths that have families pushing strollers and walking dogs. It's dangerous.	10/24/2022 9:55 AM
3	Bicycles should be allowed on Sidewalks. Allow them to get out of traffic. No one walks along them anyway.	10/24/2022 8:54 AM
4	I do not think it's appropriate to ever have a sworn in officer on the trail enforcing bicycling speeds. However, it would be nice to have a code enforcement individual on the trail to help educate trail users of the rules through the high line canal through cherry hills village .	10/21/2022 10:13 AM
5	Do not allow ANY parking on Quincy in CHV. The speed limit within the Village on Quincy and Holly needs to be reduced to 20 or 25 and strictly enforced. A few more stop signs on both Quincy and Holly may also help minimize cut through traffic.	10/14/2022 12:34 PM
6	GET RID of the signs inviting Highline Canal walkers and bike to our trails - more trash more dog poop faster bikes, less safety after those stupid trail marker signs were installed	10/11/2022 10:39 AM
7	There is an incredibly high amount of cut through traffic. And virtually all of it is in excess of the speed limit. Usually by 10-15 mph over the limit. Greenwood Village, Centennial and even Denver have lower speed limits in place throughout their cities to slow traffic down. I'd like to see lower speed limits (enforced) as well as additional stop signs and speed bumps to reduce the speed and amount of traffic cutting through. Make it slower and less desirable to cut through CHV. As it stands now, it's no wonder people cut through. You can fly through easily with no penalty.	10/11/2022 10:27 AM
8	Slow the speed limits on major arteries. Dartmouth, a much wider street is 25 mph. Quincy and Colorado should be reduced to 25 hopefully dissuade cut throughs.	10/10/2022 7:56 PM
9	Allow ebikes but enforce bike speed limits on high line canal	10/10/2022 3:50 PM
10	Recognize that bicycles are a valid and increasing mode of transportation not just recreation.	10/10/2022 3:33 PM
11	Close Parkway Drive at Hampden Ave., if possible.	10/8/2022 12:20 PM

**Q17 I/F Goal #1: Work with the private sector to improve telecommunications within the Village. Please choose the Action Item (below) that you consider the most important to pursue.**

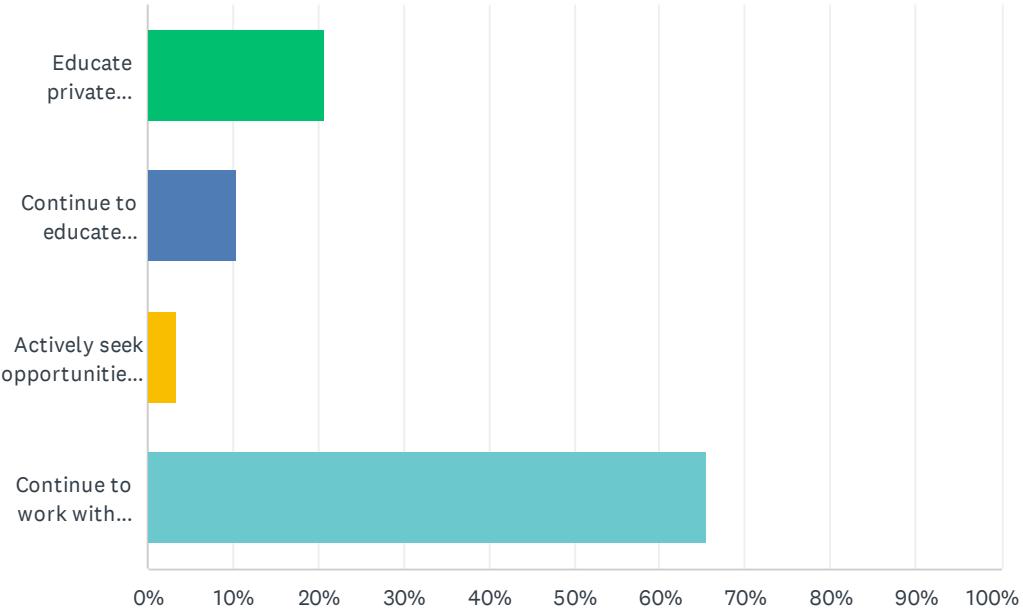

Answered: 31    Skipped: 5

ANSWER CHOICES	RESPONSES
Coordinate with technology providers to have providers install, using their funds, high speed fiber around the Village.	61.29% 19
Coordinate with technology providers to have them improve the aesthetic appearance of cell towers and related technology infrastructure.	38.71% 12
<b>TOTAL</b>	<b>31</b>

**Q18 I/F Goal #2: Collaborate with regional partners and private property owners to improve drainage and flooding issues in the Village. Please choose the Action Item (below) that you consider the most important to pursue.**

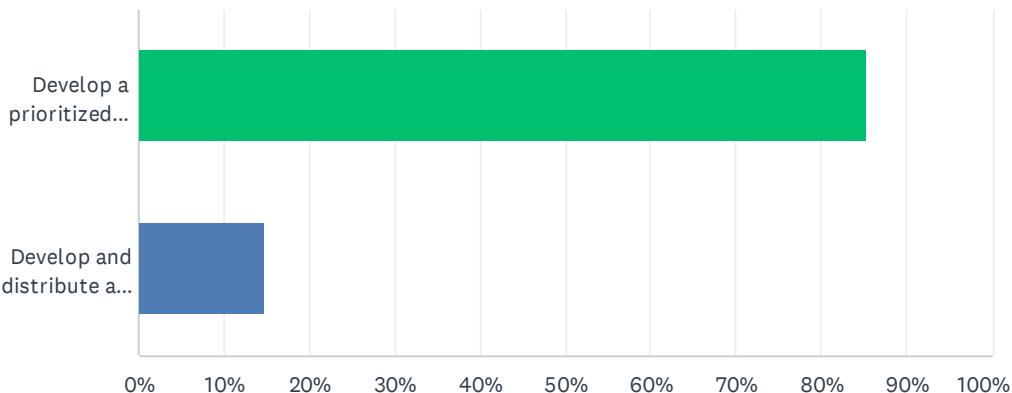

Answered: 29    Skipped: 7

ANSWER CHOICES	RESPONSES
Educate private property owners regarding floodplain regulations and enforce them as a part of the code administration and site development review process.	20.69%    6
Continue to educate residents regarding stormwater infrastructure issues and options, including within City rights-of-way.	10.34%    3
Actively seek opportunities to solve stormwater issues for multiple properties with a single pond or series of connected ponds that reduces the size of ponds on individual residential lots.	3.45%    1
Continue to work with Denver Water and the High Line Canal Conservancy regarding issues related to the Canal and develop a plan for the eventual use of the High Line Canal for stormwater drainage.	65.52%    19
<b>TOTAL</b>	<b>29</b>

**Q19 I/F Goal #3: Leverage existing funding systems to underground utilities in phases and in targeted locations around the Village. Please choose the Action Item (below) that you consider the most important to pursue.**

Answered: 34 Skipped: 2

ANSWER CHOICES	RESPONSES	
Develop a prioritized list for the undergrounding of utilities and a schedule for the completion of undergrounding utilities for these street segments, using the 1% of funds already collected by Xcel Energy for undergrounding.	85.29%	29
Develop and distribute a packet of educational materials for property owners regarding undergrounding and the formation of General Improvement Districts (GIDs).	14.71%	5
TOTAL		34

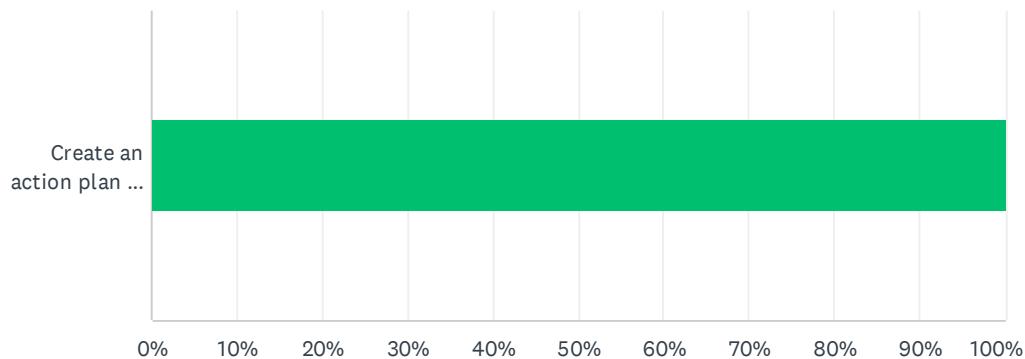

## Q20 What other comments do you have (overall) concerning the topic of Infrastructure and Facilities?

Answered: 5 Skipped: 31

#	RESPONSES	DATE
1	Having private technology companies pay to install fiber should not be an option under goal #1. While that sounds good, it is completely unrealistic	11/2/2022 8:42 AM
2	We desperately need to improve cell phone reception in the village. Internet connectivity and speed is lacking in many areas of the village.	10/24/2022 8:57 AM
3	How are the underground utilities initiatives decided? Is it based on how close power lines are to the houses and the # of homes that benefit from the change based on footage or line?	10/21/2022 4:16 PM
4	Get serious about enforcing floodplain alterations	10/10/2022 3:36 PM
5	we must prioritize improved cell coverage in the Village.	10/10/2022 8:50 AM

**Q21 SR Goal #1: Reduce the environmental footprint of the City's operations and services. Please select this Action Item if you feel this should be a priority for the Village**

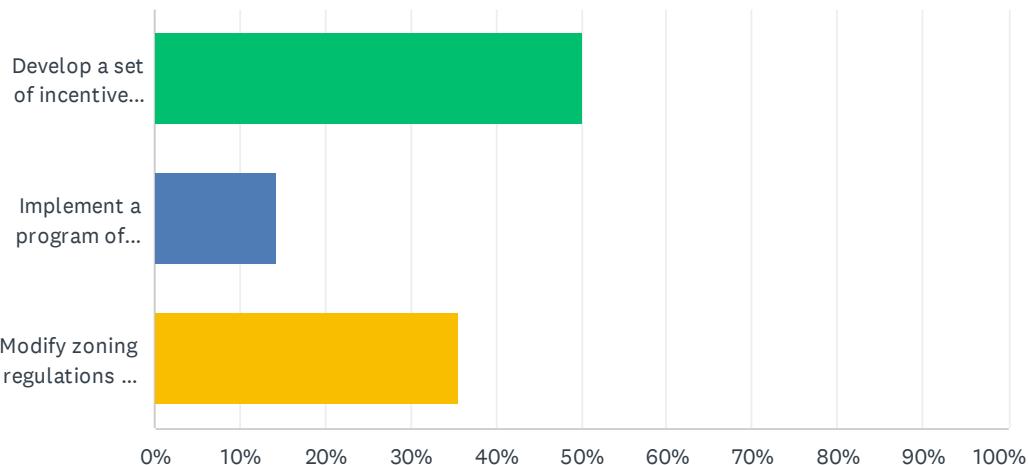

Answered: 16    Skipped: 20

ANSWER CHOICES	RESPONSES
Create an action plan to reduce the environmental footprint of the City's operations and services, including the City's water usage, and increase the use of renewable energy sources.	100.00% 16
TOTAL	16

**Q22 Question 22 - SR Goal #2: Develop a menu of incentives for private property owners to adopt water conservation, green building, and other techniques for environmental sustainability. Please choose the Action Item (below) that you consider the most important to pursue.**

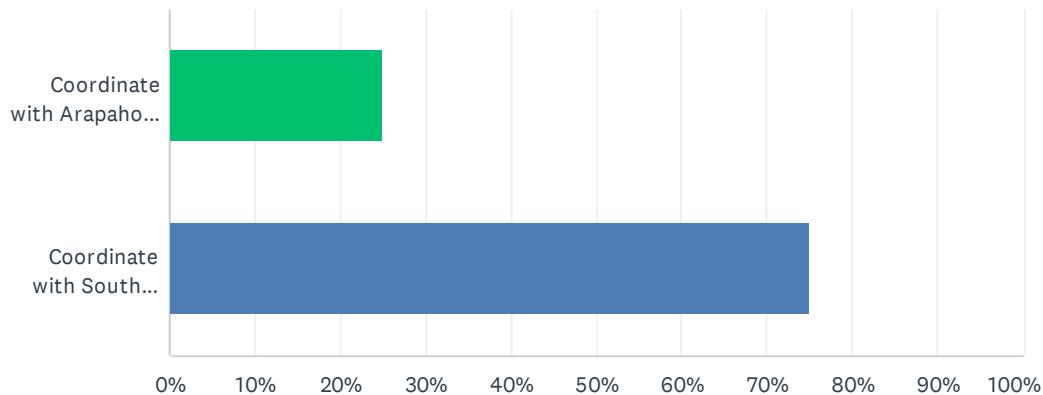

Answered: 28    Skipped: 8

ANSWER CHOICES	RESPONSES
Develop a set of incentives (such as lower permit fees or expedited plan reviews) to encourage private property owners to reduce water usage through site design (such as the use of xeriscape) or reduced water usage on a daily basis.	50.00% 14
Implement a program of incentives (such as lower permit fees or expedited plan reviews) to encourage the use of green building techniques (i.e. solar, use of energy efficient HVAC systems, etc.).	14.29% 4
Modify zoning regulations and building standards to incentivize the use of alternative energy devices (for wind, solar, etc.), while ensuring they are designed to minimize the visual impacts on adjacent properties and blend with the prevailing character of the surrounding neighborhoods and the Village.	35.71% 10
<b>TOTAL</b>	<b>28</b>

**Q23 Question 23 - SR Goal #3: Develop a set of programs and regulations to reduce risks from wildfires and other natural hazards that may impact the Village. Please choose the Action Item (below) that you consider the most important to pursue.**

Answered: 28    Skipped: 8

ANSWER CHOICES	RESPONSES
Coordinate with Arapahoe County as part of the County's Hazard Mitigation Plan, which, addresses threats from natural disasters.	25.00%    7
Coordinate with South Metro Fire and Rescue to promote wildfire prevention and mitigation strategies for private properties.	75.00%    21
<b>TOTAL</b>	<b>28</b>

## Q24 What other comments do you have (overall) concerning the topic of Sustainability and Resiliency?

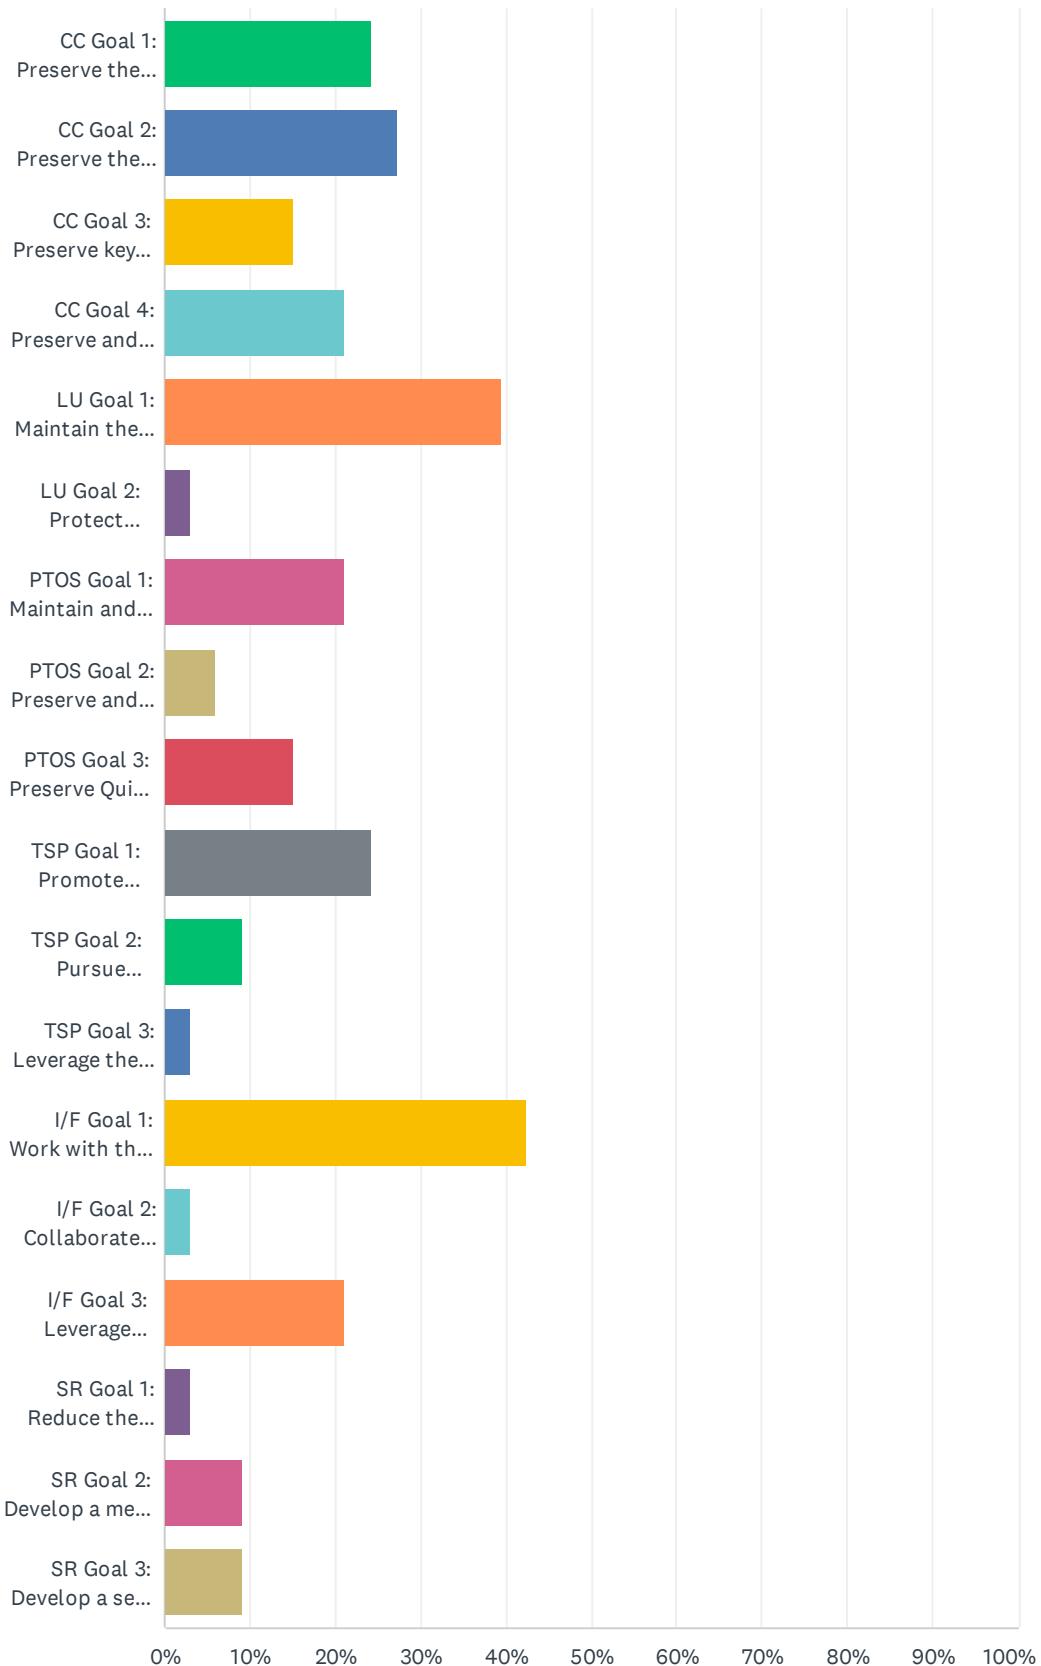

Answered: 8    Skipped: 28

#	RESPONSES	DATE
1	Rain barrels	10/17/2022 12:47 PM
2	Discard the replacement tree ordinance if CHV is truly concerned with water use issues! Also, moving Public Works to Sheridan does nothing to promote sustainability. This move has resulted in a lack of productivity by CHV employees and adds to fuel/vehicle maintenance costs due to added transportation expenses.	10/14/2022 12:46 PM
3	Trust your smart citizens - Government is rarely the answer to anything	10/11/2022 10:41 AM
4	Everything on question 22 seems to be vital to the long term viability of the village and its residents.	10/11/2022 9:14 AM
5	Composting? Currently pay outside firm to collect compost. Maybe something for CHV?	10/10/2022 7:56 PM
6	Ensure "green" energy is actually green and not more detrimental to the environment when the entire process is evaluated.	10/10/2022 3:56 PM
7	Enforce and ban outdoor open firepits.	10/10/2022 3:38 PM
8	I think coordination with both Arapahoe Cty and South Metro Fire should be priority action items. Use much caution if considering changes for alternative energy sources.	10/8/2022 12:28 PM

Q25 The Master Plan document will provide guidance to City staff and future City Councils on how to implement the goals identified in the plan. The prioritization of the goals in the plan will help provide this guidance. To assist in this effort, please choose your TOP 3 goals you would prioritize, across all sections of the Master Plan.

**Q28 Please provide any additional comments you have regarding any section of the draft Master Plan, or any comments Village leaders should consider as they implement the Master Plan.**

Answered: 8    Skipped: 28

#	RESPONSES	DATE
1	The Village will grow naturally as people have children and those children have children, etc.. We need to plan for this natural growth so families can thrive and stay in close proximity with each other, thus enhancing our community.	10/24/2022 9:06 AM
2	Please make it more of a priority to bury the power lines.	10/21/2022 4:19 PM
3	This master plan is an attempt to create HOA rules and regulations for all of CHV. CHV is a wonderful place to live and the larger lots are what create the character of CHV. Overly restrictive rules and regulations proposed by this Master Plan will diminish the freedom and joy of living in a low density environment. There is a real divide between CHV residents who want to regulate CHV and covet larger acreage lots for publicly funded open space and residents who want the freedom to enjoy their property within the guidelines and minimal restrictions provided by zoning in CHV.	10/14/2022 1:07 PM
4	It seems like page 20 in the current draft should be right up front (along with an executive summary of no more than 1 page) (see <a href="https://en.wikipedia.org/wiki/BLUF_(communication)">https://en.wikipedia.org/wiki/BLUF_(communication)</a> for example). All of the information in the report is useful, but I suggest that this document would be far more useful to the public if you start with the core message, then get into the specifics and the who did what and how did they do it. Otherwise, thanks for all of the effort that has clearly gone into this process.	10/11/2022 9:21 AM
5	Hoping the Village leaders have their Village constituents in mind when making decisions to safeguard the community. Can feel as if the City Council bends to interests outside of CHV, e.g., Denver and Highline. Noise, crime, traffic (vehicle and canal) have been increased contrary to CHV residents' interests. THANK YOU for taking the time to collect this information.	10/10/2022 8:14 PM
6	Please fix cut through traffic	10/10/2022 5:36 PM
7	Need to underground the utilities.	10/10/2022 4:57 PM
8	Ranking elements of the Master Plan was a toss up for me, it all depends on what is being implemented where and how. Keep in contact with residents.	10/8/2022 12:43 PM
