

## **South Metro Fire Rescue (SMFR) Permitting in Cherry Hills Village**

### **What types of SMFR permits am I required to obtain in Cherry Hills Village?**

- Fire Sprinkler System
- Access Gates

### **When do I need to submit a fire sprinkler permit?**

- All new habitable structures (new homes and guest homes) require a fire sprinkler system that is designed in accordance with NFPA 13D or section P2904 of the International Residential Code (IRC) and installed by a licensed fire sprinkler contractor.

### **When do I need to submit an access gate permit?**

- All access gates (including electronic gates) installed across fire department access roads or driveways require a SMFR permit.

For more information about how to submit or what application materials are required,
