60 MEADE LN	15-Apr-25		Residential	Recreational Structure	Pending	\$55,000.00	We are replacing the concrete deck around the pool (lined) and installing a new liner. We will remove the diving board from the longitudinal west side. We will remove the existing 5-foot wide out-cropping for the step area of the pool (longitudinal east side) to make the pool a true rectangle. The new concrete deck will be slightly expanded (a few feet) on each longitudinal end and on the lateral side nearest the house. The lateral side farthest from the house and nearest the trail will remain the same as the original (i.e. 23 feet from the fence) and as the equestrian trail is about 17 feet wide on the other side of our fence “ the new pool concrete edge will be 40 feet from the opposite side of the equestrian trial “ thus easily satisfying the required 25 ft. setback. Any plumbing needed (e.g. new skimmers and piping, etc.) will be within the confines of the original pool dimensions.
